Revised August 11, 2022

A Message from the Provost

I am pleased to provide an updated document with information important to the Promotion, Tenure, and Continuous Employment for McNichols Faculty at University of Detroit Mercy. This document combines previous documents available to the Detroit Mercy McNichols Faculty, with key sections of the DETROIT MERCY/UDMPU Agreement. I am grateful for the efforts of Drs. Heather Hill and Chris Pacini in the development of this document and the leadership of the McNichols Faculty Assembly and UDMPU in their contributions reviewing the document.

*Pamela Zarkowski
Provost and Vice President for Academic Affairs*

About this Document

This handbook is a companion document to sections of the *Agreement between the University of Detroit Mercy and the University of Detroit Mercy Professors' Union, May 16, 2021 – May 15, 2026* relating to promotion and tenure/continuous employment criteria, application processes, and review procedures.

Sections included in this handbook from the Agreement have been reformatted for ease of reading and are explicitly referenced using square brackets []. Deadlines listed in this document are in concert with those identified in the collective bargaining agreement and are absolute.

In instances of discrepancy between this document and the Agreement between the University of Detroit Mercy and the UDMPU, the contract is the governing document.

Throughout this document, the term “Tenure” is used to denote the phrase “Tenure/Continuous Employment.” The abbreviation is used for ease in reading and should not be construed as anything more.

Use of this Document

It is expected that all candidates, faculty, and deans involved in the tenure and promotion process will review and become familiar with the entirety of this handbook as well as the applicable sections of the 2021-2026 Detroit Mercy/UDMPU Agreement.

Probationary Review Process [5.8]

Probationary Review Process: The Employer and Union recognize that in the academic environment the probationary period is used as an opportunity for the employee to demonstrate to the Employer both their value as an employee and representative of the Institution and as an academic scholar within a discipline. It is further recognized that there are circumstances which develop which make it inadvisable for the educational institution involved to offer a tenured position to the probationary employee even though the probationary employee has demonstrated excellence in their academic pursuits. Therefore, in order to provide guidance to the individual during the probationary period and to delineate the difference between the employee's success in filling the academic criteria requirements of the educational institution, and their prospect for tenured employment in the employee's particular department or discipline, the parties agree that providing for clarity, consistency and candor in the annual evaluation of all probationary full-time faculty serves the best purposes of the individual faculty and the institution.

PREPARATION GUIDANCE

This section is provided by the Office of Academic Affairs and is intended to serve as a guide for dossier preparation.

Prepare your dossier in a manner that effectively and accurately represents your contributions to the University, your field, students, and the mission and goals of the University. Take care to be precise, concise, thorough, and selective. Review recently successful candidate dossiers before finalizing your submission. Seek feedback from colleagues. In addition to listing and stating accomplishments, provide evidence in support of participation, contributions, and accomplishments. For example, a thank you letter from a committee chair stating your contributions to the committee’s work is much more impactful than a letter that only states membership. Prepare your dossier for review at all levels. Colleagues at the program or departmental level will likely have the clearest understanding of a candidate’s field. However, as your dossier is reviewed beyond the department level, committee members and administrators are increasingly less likely to be familiar with the content and conventions of your discipline. It is in your best interest to prepare your dossier so that the accuracy, thoroughness, quality, and impact of your work can be well understood at all levels of review. A dossier checklist is included in **Appendix A. Dossier submission will be transitioning from binders to electronic dossiers. All dossiers must be submitted electronically starting with the May 2023 submission.**

FORMAT REQUIREMENTS – Please select only one form of dossier submission:

3-Ring Binder(s) Submission	Electronic Submission
<p>No binder should be more than 3 inches thick. Do not fill binder(s) beyond capacity.</p> <p>Place the candidate’s name on the front and side of the binder(s). If using more than one binder, number the binders in a series, also on fronts and sides.</p> <p>Provide a clear and concise Table of Contents.</p> <p>Number all pages consecutively except Appendices.</p> <p>Provide clearly marked dividers between the sections of the dossier.</p> <p>Complete and sign the Transmittal Form for Tenure and/or Promotion Application* and include it in the dossier in front of the Table of Contents.</p>	<p>Upon notification of the intent to submit electronically, Academic Affairs will send you a SharePoint Link to upload your files.</p> <p>The main folder will contain individual folders for each section of the dossier (Candidate Overview, Teaching, Research & Scholarly Activity, and Service).</p> <p>The Candidate Overview folder will contain the Dossier Probationary Form or P&T Transmittal Form *, table of contents, curriculum vitae, annual reports, letters of support, awards and honors, and any additional information to be considered.</p> <p>The Teaching folder will contain your teaching statement, course syllabi, sample teaching materials and course assessments, any peer teaching assessments/evaluations, all student course evaluations, and a reflective summary of course evaluations.</p> <p>The Research & Scholarly Activity folder will contain your scholarship statement, external evaluators’ letters, copies of publications, copies of grant abstracts, and grant award letters.</p> <p>The Service folder will contain your service statement and various forms of evidence of service, such as appointment letters, invitations to serve, thank you correspondences, and awards or recognition for service.</p>

Continuation of Employment for Clinical-Track Employees [5.12 (a) – (b)]

A Clinical-Track faculty member is not eligible for tenure. Nothing contained in this agreement shall obligate the Employer to grant tenure to a Clinical-Track faculty member regardless of the years of service.

- (a) Clinical appointments do not lead to tenure but can ultimately lead to continuous employment. The University may terminate the clinician who fails to maintain the level of clinical certification in the specific specialty in which they were hired and licensure mandated by the appropriate faculty of the College of Health Professions. The appointment is governed by the personnel policies of the University of Detroit Mercy under the contract provisions of the UDMPU which apply to faculty appointments.
- (b) Any clinical appointment subsequent to the probationary period will be automatically renewed subject to Article 5.14(b) provided a review of the practitioner's credentials indicate that the practitioner has maintained the level of certification in the specific specialty in which they were hired and licensure defined by the appropriate faculty of the College of Health Professions.

Renewable Contracts for Lecturers [5.13 (a) – (e)]

A Lecturer is a full-time non-tenure-track faculty position. Professors of Practice and Religious in Residence shall be considered Lecturers. Lecturer positions cannot replace full-time tenure-track positions. A Lecturer is not eligible for tenure.

- (a) **A Probationary Lecturer I/Professor of Practice I faculty** shall receive an initial contract for a period of two years. For the purposes of this paragraph a contract year shall be a twelve (12) month period commencing on August 16 following the employee's original date of hire. All subsequent probationary two-year contracts are awarded as a result of annual reviews in accordance with Article 5.8.

Any Lecturer I/Professor of Practice I contracts subsequent to the probationary period shall be for a period of three (3) years, renewable at the end of the second year. Subsequent three (3) year contracts shall be renewed unless the employee is given notice of non-renewal before the end of their second year. In the second year of each subsequent three (3) year contract, the Lecturer I/Professor of Practice I shall submit an application for renewal. The first part of the review process in Article 5.9 shall be followed. If including the Dean's recommendation all recommendations have been positive, the lecturer shall be renewed without additional consideration. If any of the recommendations at or before this level are negative, the application proceeds to the McNichols Tenure and Promotion Committee and continues with the same process in Article 5.9.

- (b) **Lecturer II/Professor of Practice II:** Application for promotion to the rank of Lecturer II/Professor of Practice II follows the same procedure as specified in Article 5.9. Lecturer II/Professor of Practice II faculty shall be offered a 3 year contract, renewable at the end of the second year of the contract. This contract will be renewed for another 3 years unless the Lecturer II/Professor of Practice II is given notice by the end of the

second year of the contract. In the second year of each subsequent 3 year contract the Lecturer shall submit an application for renewal. The first part of the review process in Article 5.9 shall be followed. If including the Dean's recommendation all recommendations have been positive, the lecturer shall be renewed without additional consideration. If any of the recommendations at or before this level are negative, the application proceeds to the McNichols Tenure and Promotion Committee and continues with the same process in Article 5.9.

- (c) **Retrenchment:** No Review shall take place if the position is discontinued as a result of program review. Notice of termination must be given before the start of the last year of the Lecturer's contract. This discontinuation may occur if the faculty line is eliminated, or if it is converted to a tenure-track position. The Employee shall be entitled to all the rights of laid off employees described in Article VII below.
- (d) **Senior Lecturer/Senior Professor of Practice:** Two pathways for promotion to Senior Lecturer exist. (1) A member may apply from the rank of Lecturer I (see Article 5.5(e)). (2) A member may apply from the rank of Lecturer II, in which case the member must have completed six years in rank as Lecturer II (see Article 5.5(e)). Application for promotion to the rank of Senior Lecturer follows the same procedure as specified in Article 5.9. Upon such promotion the lecturer shall be offered a 5 year contract. This contract will automatically be renewed for another 5 years unless the Senior Lecturer is given notice by the end of the fourth year. A review will take place in that year, following the same procedures as in Article 5.13(b) above.

Initial hires made at the Senior Lecturer rank shall be for 3 years, with subsequent contracts being 5 years. The first review shall take place in the second year and shall follow the procedures in Article 5.13(b) above.

- (e) Should a current Lecturer be hired into a tenure-track position as a result of a full search, up to three years of service as Lecturer may be credited toward tenure. Faculty credited with three years prior service and hired with a start date between May 15th and August 16th will submit their mid-tenure review dossier per 5.8(b) within 10 working days of their start date.

Renewable Contracts for Clinical Instructors [5.14 (a) – (b)]

A Clinical Instructor is a full-time non-tenure, clinical faculty position. Clinical Instructor positions cannot replace full-time tenure/clinical-track positions. A Clinical Instructor is not eligible for tenure. The primary role of Clinical Instructors is the supervision of students and provision of clinical teaching in collaborating agencies.

- (a) Any Clinical Instructor contracts subsequent to the probationary period shall be for a period of 3 years, renewable at the end of the second year. Subsequent 3-year contracts shall be renewed unless the employee is given notice of non-renewal before the end of their second year. In the second year of each subsequent 3 year contract the Clinical Instructor shall submit an application for renewal. The first part of the process in Article 5.9 shall be followed. If, after the Dean's recommendation, all recommendations have been positive, the Clinical Instructor shall be renewed without additional consideration. If any of the recommendations at or before this level are

negative, the application proceeds to the McNichols Tenure and Promotion Committee and continues with the same process in Article 5.9.

- (b) Retrenchment: No Review shall take place if the position is discontinued as a result of program review. Notice of termination must be given before the start of the last year of the Clinical Instructor's contract. This discontinuation may occur if the faculty line is eliminated, or if it is converted to a tenure-track position. The Employee shall be entitled to all the rights of laid off employees described in Article VII below.
