

Parking

All campus parking areas and facilities are the private property of Detroit Mercy. All parking areas and facilities are permit parking only and all vehicles on campus must be registered with the Student Life Office at the Titan Information Center (McNichols Campus). All employees shall display their hanging parking permit properly when parked on a University campus.

All employees are responsible for knowing and observing all state traffic laws and University parking rules and regulations. No vehicle (with or without hanging parking permit) shall park in any unauthorized area. Faculty and staff parking spaces are filled on a first come, first served basis each day.

Hanging parking permits assigned to a specific employee are for the use of the employee only; the transfer, loaning or distribution of hanging parking permits by employees is in violation of the parking policy.

If you lose your permit, a replacement permit will cost \$20.00. For more information, see [Parking & ID Center](#) web page.
