

Advanced Placement Guide

The Advanced Placement (AP) Program of the College Board enables students who have pursued college-level studies in high school to receive college credits based on their performance on the AP examinations.

Minimum score for credit: 3

Equivalencies: Below is a list of AP Exam subject areas, the corresponding UDM courses (where they exist), and credits that are granted based on scores earned. Where a specific UDM course is not listed, AP scores generate elective credit. Depending upon a student's program, the credits awarded from AP may or may not fulfill degree requirements.
