Footnotes

First Destination Outcomes include self-reported responses to Career Outcomes survey, knowledgeable reported from schools/colleges, National Student Clearinghouse data & data retrieved from internet searches (e.g., LinkedIn)

The number of graduates by program is based on degrees confirmed in Banner as of December 8, 2016 and may not coincide with IR data.

Graduates who were awarded multiple degrees are reflected by the Banner identified Degree 1 Only

Career Outcomes = The percentage of graduates who are employed full- or part-time, in service or military service, and enrolled in continuing education

Knowledge Rate (KR) = The percent of graduates for which the institution has reasonable and verifiable information concerning the graduates' post-graduation career activities

Per NACE Standards, International Students who did not self-report employment and/or were not enrolled in a post-degree program (based on National Student Clearinghouse) are reflected in the Career Outcomes as Unemployed/Not Seeking

With agreement from the schools/colleges, graduates who passed post degree state licensing exams (nursing & dental hygiene) are assumed to be working and included in the employed full-time or part-time outcomes.

Prepared by Elissa Clemons, Career Education Center Assistant Dean
