This notifies the employee that they have already attempted to start a time sheet that has already been initiated and is In Progress status. This error can occur when a user clicks on the Web browser back button after previously selecting and starting a time sheet.

## **Submit Not Allowed**

A record was attempted to be submitted more than once. This error can occur when a user double-clicks on the Submit for Approval button, or if the user attempts to use the Web browser back button and make changes to the record after it has been submitted.

## **Warnings (Possible Insufficient Leave Balance)**

Warnings will appear when a timesheet is submitted with exception time usage that could potentially be in excess of an employee's leave balance. This is only a warning; and will not affect payroll processing.
