Dignity of the Human Person: All people are sacred. People do not lose dignity because of disability, poverty, age, lack of success, or race.

Community and the Common Good: We realize our dignity and rights in relationship with others, in community. We are called to respect creation, be good stewards of the earth & each other.

Rights and Responsibilities: People have a fundamental right to life, food, shelter, health care, education and employment. Corresponding to these is the duty to work for the common good.

Option for the Poor: The moral test of a society is how it treats its most vulnerable members. The poor have the most urgent moral claim on the conscience of the nation, and our good efforts

Dignity of Work: People have a right to decent and productive work, fair wages, private property and economic initiative. The economy exists to serve people, not the other way around.

Solidarity: We are one human family. Our responsibilities to each other cross national, racial, economic and ideological differences. We are called to work globally for justice.

Care for God's Creation: The goods of the earth are gifts from God. We have a responsibility to care for these goods as stewards and trustees, not as mere consumers and users.
