

Dr. Reisterer assumes dental practice of Riopelle, D.D.S.

LUDINGTON — Andrew J. Reisterer, D.D.S., PLLC, located at 902 E. Ludington Ave., strives to offer quality dentistry in a relaxed and friendly atmosphere.

Dr. Reisterer is a graduate of the University of Detroit Mercy dental school, and has practiced in the U.S. Navy since graduating at the top of his class in 2002.

"I am excited about serving the Ludington community and look forward to helping our patients understand their dental needs while providing excellent dental care," he said.

The new dental practice offers complete dental care for adults and children including general, preventive and specialty dental services.

The practice, formerly owned by John A. Riopelle, D.D.S., will also continue to provide emergency dental service and will normally be able to see patients the same day they call the office, Reisterer said.

"We hope to become known for our exceptional service and caring environment," he said. "People want to learn more about their dental health.

"By educating our patients about good dental health, we can help them lead healthier lives and create a better self-image."

Prospective patients, and those who are already patients of Dr. Riopelle, may call 845-8989 to schedule appointments.
