#### AACD Recommendations When Seeking a Cosmetic Dentist

In order to make sure a dentist is skilled in cosmetic dentistry, the AACD recommends that patients ask for the following items before undergoing treatment. As is the case before undergoing any dental treatment, patients should consult with an AACD member dentist to find out which procedure is right for them.

**Before and After Photos ?** Examine the dentist's treatment results on other patients to make sure his or her work fits your dental needs.

**References ?** Get a sense from other patients as to what type of quality care the dentist provides.

**Continuing Education ?** Be certain that the dentist is an active AACD member and has taken continuing education courses to keep up-to-date with the latest techniques in clinical cosmetic dentistry. For more information about cosmetic dentistry, visit the AACD's Web site at [www.aacd.com](http://www.aacd.com), send an e-mail to [info@aacd.com](mailto:info@aacd.com) or call (608)222-8583.
