## g Sparrow Regional Cancer Center

Dr. Charmarthy is board-certified in both hematology and oncology. She serves patients at the new Carson City Hospital Outpatient Therapy Center and at the award-winning Sparrow Regional Cancer Center in Lansing.

chemotherapy, radiation, and drug therapies are all powerful medicine – and are the very best methods for treating cancer. Using a multidisciplinary approach that employs combinations of these cutting-edge techniques, the oncology staff at both Carson City Hospital and the Sparrow Regional Cancer Center suggests comprehensive treatment regimens designed for each patient.

As the only comprehensive Cancer Center in mid-Michigan, the Sparrow Regional Cancer Center has the region's most extensive clinical trials program, also available to Carson City Hospital's patients. This includes access to voluntary, specialized studies which can greatly improve outcomes and may lead to better treatments for cancer patients everywhere.

To make an appointment with Dr. Charmarthy, call 989-584-3971 or visit [www.carsoncityhospital.com](http://www.carsoncityhospital.com) for information.

**Congratulations  
on the Grand  
Opening of Your  
New Facility!**
