Welcome to your new iMac. We’d like to show you around.

- **Stereo**
- **Dual FaceTime HD**
- **Wireless Keyboard**
- **SD card slot**
- **USB 3 cord**
- **Power automatically set up in apps like Mail, Contacts, and Calendar. If you don’t**
  - **Messages and FaceTime. And your Apple ID lets you access iCloud, which is**
  - **App Store, iTunes Store, and Apple Online Store, and keep in touch using**
  - **You can also log in with your Apple ID, which allows you to shop the**
  - **your iMac.**

**Let’s get started**

**Let’s get moving**

**Using your Magic Mouse**

- **One finger to enlarge items on your screen.**
- **Hold down the Control key and scroll with one finger along the surface.**
- **360º scroll**
- **Click or double-click anywhere on the screen.**

**Using your Apple Wireless Keyboard**

- **To adjust the tracking, clicking, and scrolling speed or to**
- **be ready to go. To adjust the tracking, clicking, and scrolling speed or to**
- **two AA batteries and is already paired with your iMac using Bluetooth, so as soon as you turn on the mouse you’ll**
- **paired with your iMac using Bluetooth, so they can communicate with each**
- **Your Apple Magic Mouse comes with two AA batteries and is already paired**

**Screen zoom**

- **Click the Finder icon to quickly get to all your files and folders.**
- **Launchpad**
- **Get a comprehensive view of everything running on your Mac.**
- **Open Launchpad to**
- **Mission Control**
- **Get to know your desktop**

**Bluetooth devices. The Dock at the bottom is a handy place to keep the**

**iCloud**

- **iCloud stores your music, photos, mail, and more. And it wirelessly pushes**
- **them to your Mac, iPhone, iPad, iPod touch, and even your PC. All without**
- **docking or syncing. So when you buy a song on one device, it’s automatically**
- **downloaded to all your others. And with Photo Stream, your latest photos**
- **appear everywhere you want to see them. To customize your iCloud settings,**
- **in with your Apple ID and choose the iCloud features you want to use.**
- **open the Apple menu, choose System Preferences, and click iCloud. Then sign**

**Help Center. Click the Finder icon,**

**MySQL**

- **Opens automatically. Or you can open it manually by restarting**
- **your computer while holding down the Command and R keys.**
- **OS X Utilities can help you repair your**
- **OS X Utilities and troubleshooting information, in Help Center. Click the Finder icon,**
- **You can often find answers to your questions, as well as instructions**
- **Product Information Guide carefully before you first use your computer.**
