Date Issued:	March 1, 2007	Last Review Date:	March 1, 2008
		Last Revised Date:	

Policy

In accordance with the University of Detroit Mercy Social Security Number Privacy Policy, Information Technology Services requires all users who have stored a file that contains a SSN to delete that file. To delete the file please follow this procedure.

1. Empty the trash can on your desktop
2. Run a "Defrag" on the hard drive.
3. Run a zero out application such as "Simple File Shredder" (Available Online)
