

Leadership Minor Advising Architectural Engineering

Introductory Course (taken before LEAD 4000)	LEAD 2000/PYC 2620 (3 cr.)	1.1.17
<p>The Good News for Architectural Engineering Students</p> <p>Other than the introductory and final LEAD classes, all you have to do is choose <u>one</u> course from each of the four Leadership Skills areas below. Engineering students are required to take the course in red, so you will automatically have two of the four skill areas below covered just by getting your major! You may count two courses from your major towards the Leadership Minor, according to school policy.</p> <p>Courses with a (*) count towards the university core, so pick wisely and you could achieve this minor by only adding two classes to your overall course of study. Assoc. Dean Snyder knows our program well.</p> <p>For information on the Leadership Minor contact Don DiPaolo at dipaolo@udmercy.edu</p>		
<p style="color: blue;">Architectural Engineering majors will be short one credit for the leadership minor due to the fact that ENGR 1000 is only 2 credits. Students will coordinate with Dr. Don what other course they are going to use to make up for this deficit.</p>
