

Master of Health Services Administration

Student Learning Outcomes

Upon graduation from the MHSA program the student will be able to:

Student Learning Outcome 1:

Evaluate the regulatory, financial and consumer complexities of the global health care environment and utilize this data to optimize the outcomes of the health care organization.

Student Learning Outcome 2:

Manage critical business applications and informational systems to provide quality stewardship of an organization.

Student Learning Outcome 3:

Demonstrate a knowledge of effective organizational systems by promoting a culture of teamwork, inclusivity and positive growth for self and coworkers.

Student Learning Outcome 4:

Demonstrates the ability to facilitate effective communication and use of human resource management strategies in health care organizations.

Student Learning Outcome 5:

Exhibit professional and ethical standards within decision making processes related to complex healthcare trends and issues with a focus on equity and social justice.
