

**Women's and Gender Studies
Minor
Student Learning Outcomes**

Student Learning Outcome 1:

Demonstrate knowledge of the major concepts and issues of the discipline of Women's and Gender Studies.

Student Learning Outcome 2:

Analyze structures of power, dominance, subordination, and gender roles and relations.

Student Learning Outcome 3:

Recognize the ways in which gender intersects with race, class, ethnicity, sexual orientation, nation, and/or other identity categories.

Student Learning Outcome 4:

Use this knowledge to reflect critically and thoughtfully upon their own academic, personal, and professional lives, as well as their communities.

Submitted to the University Assessment Team on 12/15/2020.
