

# Annual Assessment Report for Academic Programs

The University Assessment Team advocates for the enhancement of student learning through purposeful, meaningful, and feasible student-outcomes assessment practices. The Assessment Team seeks to collaborate with programs, departments, and units to ensure that effective assessment of student learning occurs across the University. To assist in meeting this goal, the Team requests that you complete this Annual Assessment Report form to document student learning in your program. A PDF version of this completed form will be posted to the Academic Affairs Assessment website. Please note that this Annual Assessment Report form should only be completed after you have an Assessment Plan for Academic Programs forms on file with the University Assessment Team. The plan is completed once and only updated when revisions have been made to components of the plan.

In fall 2024, the competency 3 was assessed using one course (SWK 2000) to determine its success in achieving a competency level of 80% of better on the assignment. Student grades based on the class assignments were used to assess the learning outcome over three levels of undergraduate education: SWK 2100, SWK 3000, and SWK 4000

Social Work faculty will continue to review the data, and particularly, the student grades that did not meet the benchmark to identify additional and/or alternate class activities and/or assignments that may improve the outcomes even further.
