

Advising Has Begun...Best Practices

1. Run a degree evaluation
2. Review academic progress including remaining credits to graduate
3. Review midterm grades (consider withdraws as needed)
4. Release Advising Hold if applicable
5. Review other holds and send the student to the appropriate office if needed.
6. Review pre-requisites and request overrides if needed.

Q. How do I access the Student's Profile?

A. Access your faculty/advisor portal at my.udmercy.edu Select "Advisor Management." The Advisee Search screen will appear. Select the current term and insert the TO number, Student Email, or Student Name. You may also click on View My Advisee Listing to find a student's name.

Q. How do I run a degree evaluation?

A. Access the Student Profile as noted above. Click on "Degree Evaluation" found in the black side bar. In the new screen, select the term. On the next screen, indicate the term and program in which you want to view. You may also view previous evaluations or do a "What-If Analysis."

Q. How do I check academic progress?

A. The degree evaluation report indicates all the requirements for graduation including the required number of credits, the major, minor, and core curriculum. The required and current major and the cumulative GPA are noted. Check all items on the degree evaluation. Secondary majors and/or certificates must be viewed in a separate degree evaluation using the "What-If Analysis."

Q. How do I access midterm grades?

A. Midterm grades are accessed in the student information screen. Select "View Grades."

Q. How do I remove Advisor Holds?

A. Access the Student Profile as noted above. Click on "Holds" found near the top right corner. You will be able to see the "Advising Required" hold. Click on the box. Another window will open to enter comments. *Do not add anything important in the comment box* – only you will be able to see these notes. Add all relevant information (courses planned for the next semester, summary of advising conversation, etc.) in the NOTES option, to the right of the student's profile photo.

Q. How do I check for Holds?

A. Access the Student Profile as noted above. Click on "Holds" found near the top right corner. You will be able to see the hold type, reason, originator of the hold, and the processes each hold may affect.

November 2023

October 30

Winter and Summer Advising Begins

November 2

Priority Registration for W24 and Su24 Begins

November 6

Traditional Registration for W24 and Su24 Begins

November 20

Last Day to Withdraw (full semester classes)

November 22-26

Thanksgiving Holiday (University closed)

December 12-16

Final Exam Week

December 18

Final Grades due by 12 Noon
