Level-Up Advising Workshop

Take a short break during Spring Break!

Wednesday, March 11, 2026

10:00 – 11:00am

<https://udmercy-edu.zoom.us/j/98383462463>

Academic advising committee members will cover great information for newer advisors but also dig into some issues that seasoned advisors may not know. A Certificate of Participation will be provided for all who attend. We hope to see you there!

Incompletes for Fall 2025 Term

For undergraduate students, the deadline for submitting a Change of Grade form for Fall 2025 “I” grade is Friday, February 6. Faculty should submit their COG form to their Dean’s Office before this date for timely processing. Additional information regarding incomplete grades can be found in the [2025-2026 Undergraduate Catalog-Policies](#)

Midterm Grades Significance

Midterm grades are an essential component of students’ progress in their current classes. Faculty must submit all midterm grades by the deadline to ensure consistency with university policy. Advisors should check student’s midterm grades when advising. F grades should indicate a student has been attending class but is not passing the course. However, an XF grade is assigned when a student has *never* attended and should include the first date of the course as the Last Date of Attendance. “I” grades should not be reported as midterm grades.

Academic Early Alert & Student Care and Concern

[The Academic Early Alert Form](#) is submitted for students who may benefit from academic intervention. It sends a high-priority notice to the Student Success Center (SSC) support team. UDM depends on you to help ensure every student receives the support they need to stay on track for academic success. [The Student Care and Concern Report Form](#) is submitted when there are concerns for students who may be struggling with personal or emotional difficulties or who may be exhibiting concerning behavior. Forms will be reviewed by a designated administrator in the Office of Dean of Students. If you would like to speak with someone regarding a student of concern, please contact the Office of the Dean of Students at 313-993-1028.
