Using Mid-Term Grades in Advising

Mid-term grades are a valuable tool for students and faculty advisors to review progress towards degree completion. If there are options for improving their grade, students can be referred to the Student Success Center or should consider withdrawing. Visit AccuCampus from your faculty portal at my.udmercy.edu. For questions about AccuCampus, contact Erica Graze at grazeem@udmercy.edu.

Remember to Release Advising Holds

Advising holds are located on the top right corner of the student profile page under "holds." If there is an advising hold, check the box and click "Release." An optional advising note will be available. You are the only person who can see the notes added. If you want others to see a note, you will need to add a regular advisor note. Check "student" if you also want to give the student access.

Winter Intersession

Winter Intersession courses will be offered online from December 27th to January 7th. The credits and tuition will be part of the Winter 2022 semester financial aid.

Guest Application Forms

Any student planning to take a summer class at a different institution must fill out a [Guest Application](#). Be sure to check for other required forms from that institution. There is also an [Incoming Guest Application](#) for guest students wanting to take courses at Detroit Mercy.

Last Day to Withdraw (from full semester courses)

The **Last Day to Withdraw** for the full semester courses for Fall 2021 is November 22nd. Shorter duration courses will have a different withdraw date. Check the Schedule of Classes for the exact Date to Withdraw. Students need to complete this form and obtain the appropriate signatures:
