Students whose family experiences a change in financial circumstances that will lower family resources from 2019 to 2020 may be eligible for a recalculation of their aid eligibility based on estimated 2020 income. In order to be considered for a special condition calculation, students and their families must meet specific guidelines and provide documentation of the change.

**NO DOCUMENTATION = NO ADJUSTMENT**

All applicants must still complete the 2021-2022 Free Application for Federal Student Aid. This Special Condition Form is used to determine if the circumstances warrant an adjustment to your UDM financial aid award.

1) **Submit a letter** explaining the decrease of income. Be specific about the circumstances. Include dates, amounts, etc. Some examples of situations that warrant a re-evaluation include:

   - Loss of employment for parent or student/spouse for 10 weeks or more. Overtime is excluded.
   - Divorce or separation
   - Death of parent or spouse
   - Loss of untaxed income or benefit
   - Illness/Disability
   - Unusually high child-care costs (over $1000/month; document)
   - Unusual medical or dental expenses not covered by insurance
   - Tuition payments for siblings in kindergarten through 12th grade during January-December 2020.
   *(If this is your only special condition, you need to complete the Sibling Tuition Payment Form only. This form is available online at udm.edu/apply/financial_aid/forms.)*

2) **Attach documentation.** For loss of job, a letter from the employer stating employment dates, total earnings, estimated pension, and/or severance pay amount. For separation or divorce, documentation from a court, attorney, minister (for annulment) is appropriate. Provide documentation of other situations as appropriate (doctor's certificate of disability, death certificate, tuition or medical bills or letters from school or doctor, etc.)

3) **Complete the 2021-2022 Verification Worksheet and provide a copy of the 2019 IRS Tax Return Transcript for parent(s) and student, if applicable.**

4) If you have completed your 2020 taxes, please provide a 2020 tax return transcript. If you have not filed your taxes, estimate your total income for 2020 from all sources. Do not leave blank. *(Documentation Required)*

**Important Note**
The fastest way to confirm the income reported on the FAFSA is by using the IRS Data Retrieval Tool through the 2021-2022 FAFSA. If you have already submitted your FAFSA, you may log in and click “make a correction”. You will be asked a series of questions to determine if you are eligible to use the IRS Data Retrieval Tool. If you are unable to use the IRS Data Retrieval Process through the 2020-2021 FAFSA, or if you change your retrieved tax data, then you must provide a 2019 Tax Return Transcript from the IRS to complete your verification/special condition. You may print a free PDF version of your 2019 Federal Tax Return Transcript by logging on to www.irs.gov. You may contact the IRS at (800)908-9946 with questions.

* In rare circumstances we can accept copies Federal 1040 form(s) as a way to confirm the income reported on the FAFSA assuming your tax preparer’s PTIN is present and is signed and dated by you. Please make every effort to receive your official IRS Tax Return Transcript.
