Detroit Mercy’s Master of Arts in Financial Economics will challenge you with a deep study of economic theories and financial principles related to U.S. and international financial systems. The program also explores moral and ethical issues related to the forces at play in the financial markets and the globalization process.

**Locations**

**McNichols Campus or Online**

This program offers convenient course delivery and location options to meet your needs. Participate in a traditional classroom experience at the McNichols Campus in Detroit. For individuals who are balancing multiple commitments and can’t meet at regular class times, the online program offers convenience and flexibility.

*Note: Tuition varies with each option. Please consult the graduate tuition fee schedule on the University website.*

**Admission Requirements**

An applicant must meet University of Detroit Mercy’s entrance requirements for this program and have completed a baccalaureate or advanced degree from a regionally accredited college or university with a cumulative GPA of 3.0 or better. Additional prerequisites may be required.

**Degree Requirements**

A degree candidate for the Master of Arts in Financial Economics must successfully complete a minimum of 30 credit hours of required graduate-level Economics courses.

*Note: A student completing a B.A. in Economics or Financial Economics from University of Detroit Mercy may not repeat an equivalent graduate course without the consent of the advisor or chairperson.*
