

BACHELOR'S DEGREE PROGRAM INFORMATION

Institution	University of Detroit Mercy
Degree/Program	Bachelor of Social Work
Credits Required	120

MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at www.mittransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Social Work MiTransfer Pathways faculty recommended that students complete a course in the Statistics pathways.

ADVISING NOTES

Please indicate any advising notes for students following this transfer pathway at your institution.

While the MiTransfer Pathways faculty recommend that students complete a course in the Statistics pathways, it should be noted that the Social Work major at Detroit Mercy does not specifically require a Statistics course. Rather, students are encouraged to take at least MTH 1010 (Algebra) or an equivalent. Thus, students could opt to follow the College Algebra or Quantitative Reasoning when selecting courses to fulfill the Math pathway within the MTA.

Additionally, once students earn the MTA, all Knowledge Areas of Detroit Mercy's Core Curriculum are waived.
