

Create Your Legacy

Join University of Detroit Mercy supporters and plan your legacy with Giving Docs. It's **safe, secure and free for life.**

Free Estate Planning Tool

udmercy.myplannedgift.org/giving-docs

Detroit Mercy is pleased to offer free access to Giving Docs, a safe, secure and free-for-life suite of estate planning essentials. With Giving Docs you can easily and confidentially create a will and other estate planning documents in just a few minutes for yourself or with others in your family. While an estate gift to the University is always appreciated, it is not required to use this service.

Giving Docs is an independent, third-party platform, and access is provided to you as a service by UDM. Your information remains completely private, and the University will only be notified if you choose to share that you've included an estate gift for the University in your plans.
