Getting Started Guide for Employees

Version 3.2

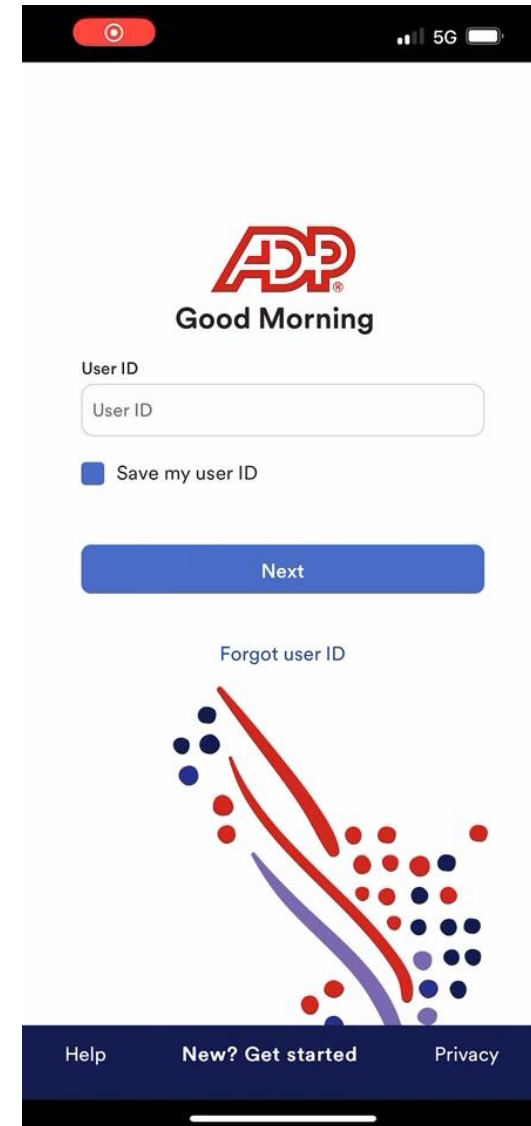

Start here

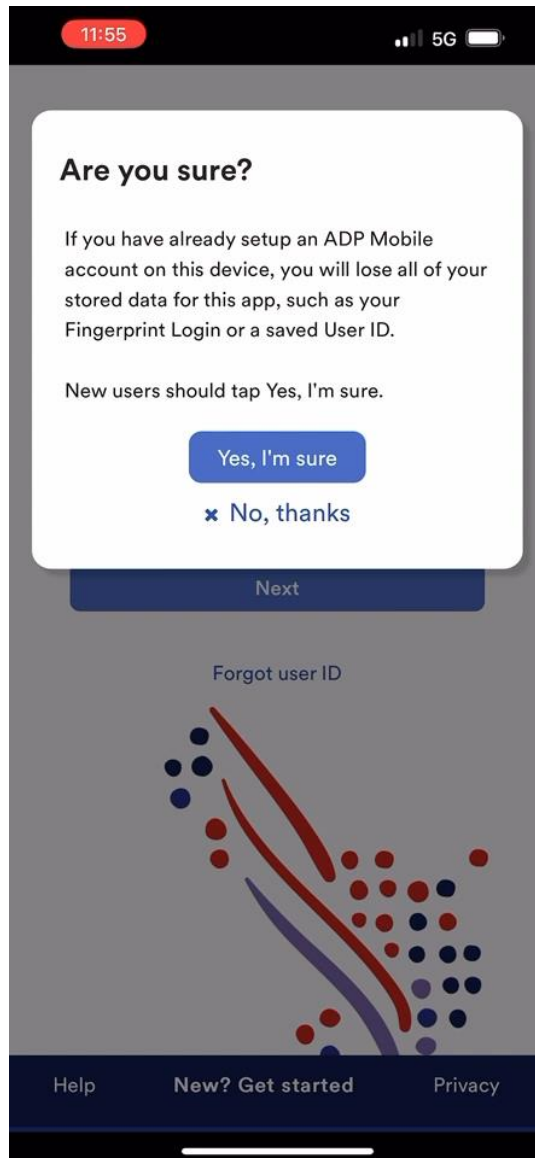

1. Scan the QR code to download the ADP Mobile Application.

2. Launch the ADP Mobile app on your smart phone and tap **New? Get Started** at the bottom of the screen.

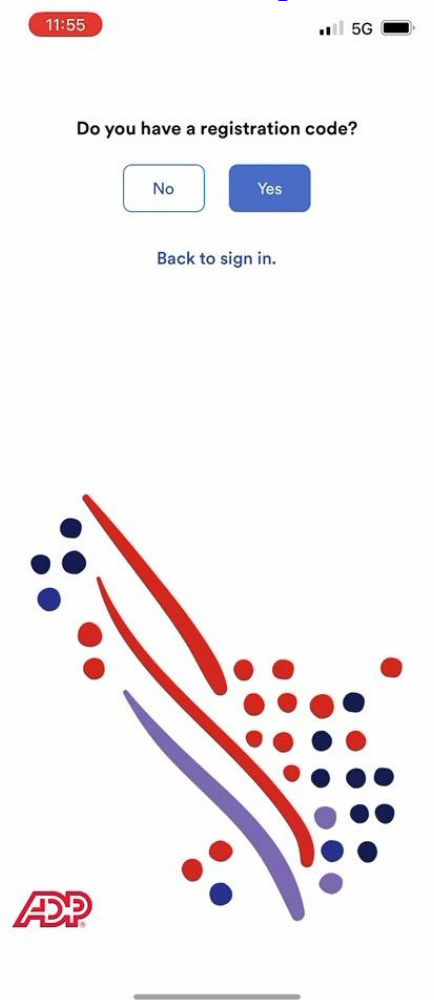

3. Tap **Yes, I'm Sure.**

ADP, the ADP logo, and Always Designing for People are trademarks of ADP, Inc.

4. **Registration Code:**

Please check with your administrator for your organization code, or you may have received a code in and email from ADP (SecurityServices_NoReply@adpcom) and select **Yes**. Organizations not using registration codes select **No** and skip to [User Information Registration](#).

5. Enter your registration code.

The screenshot shows a mobile app interface for registration. At the top, the status bar shows the time 11:55 and 5G signal. The main heading is 'What is your registration code?'. Below it is a text input field labeled 'Registration code'. Underneath the input field is a link 'How do I get a code?'. At the bottom of the form are two buttons: 'Previous' and 'Next'. A keyboard is visible at the bottom of the screen, with a 'Done' button in the top right corner of the keyboard area.

6. Select 'I got it' and Login.

Log In

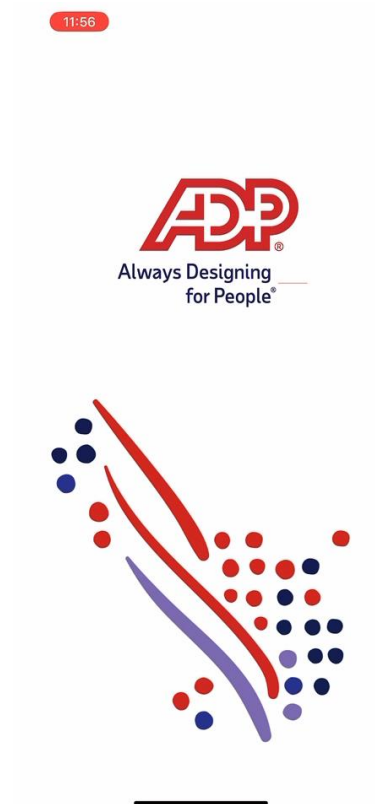

ADP

The screenshot shows a mobile app interface for login. At the top, the status bar shows the time 11:56 and 5G signal. The main heading is 'Good news!'. Below it is a message: 'You can use your TEST User ID and password to log in to ADP Mobile.' Underneath the message is a checkbox labeled 'I got it' which is checked. Below the checkbox is a blue button labeled 'Log In'. At the bottom of the screen is the ADP logo.

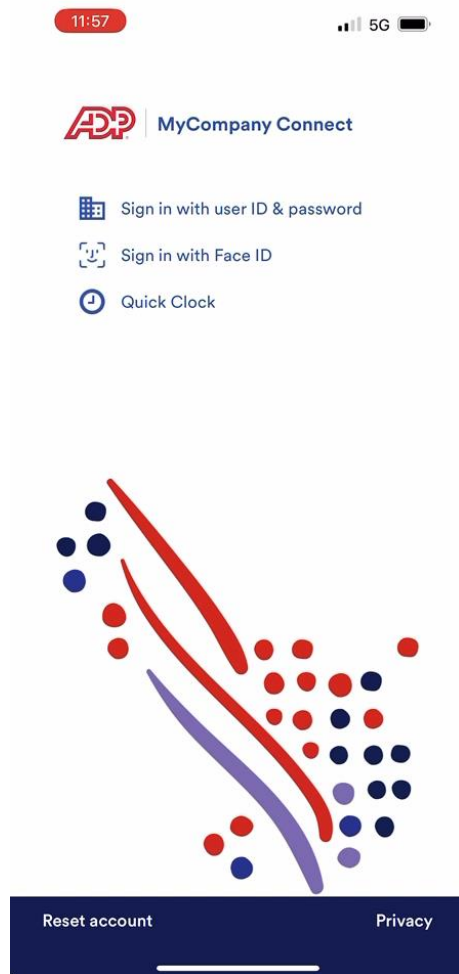

7. Enter the login user ID and password that you use to sign in to your company's network or Identity Provider and tap **Next**.

8. You will then be authenticated in the MyADP app.

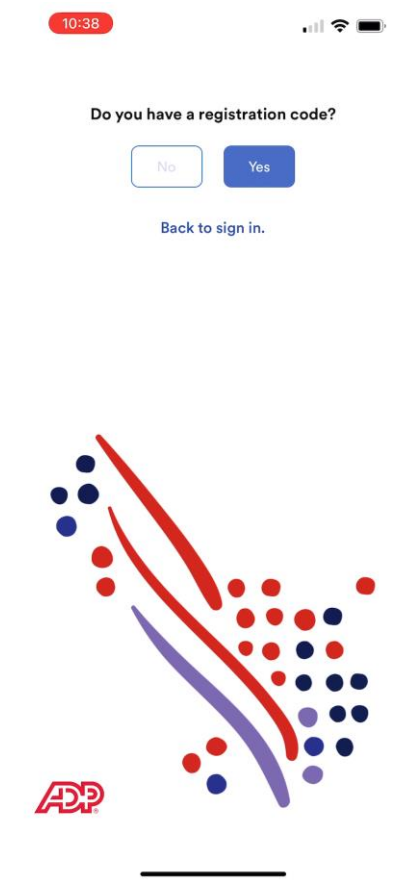

9. When you log in for future sessions, you can use one of the biometric options available to you or use your User ID and password.

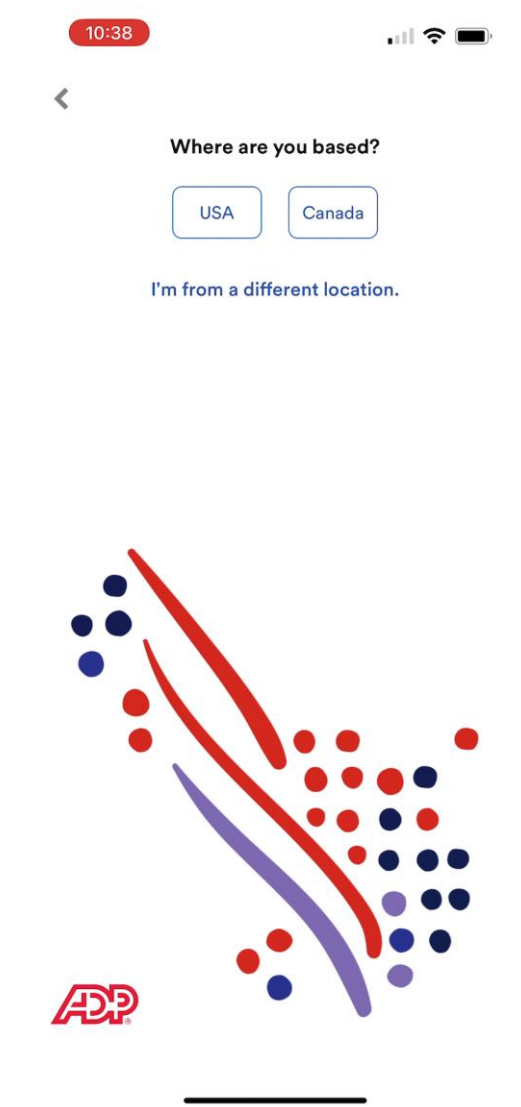

User information registration:

1. On the Do you have a registration code, tap **No**.

2. Select your country of residence (USA is shown in this guide).

3. Enter your name exactly as it exists in your company's records and tap **Next**.

5. Enter the Employee ID/Associate ID provided by your company and tap **Next**. Alternatively, US residents can

ADP
Always Designing
for People®

tap **I don't know my ID?** and then enter your Social Security Number.

The first screen (10:38) displays the question "What is your Employee ID or Associate ID?" with a text input field labeled "Employee or Associate ID". Below the field is a link "I don't know my ID?" and two buttons: "Previous" and "Next".

The second screen (10:39) displays the question "Enter your Social Security Number (SSN), EIN or ITIN." with a text input field labeled "SSN or ITIN". Below the field are two buttons: "Previous" and "Next".

Both screens feature a decorative graphic of red and blue dots and the ADP logo at the bottom.

6. Review the information you entered and tap **Confirm** if it's correct.

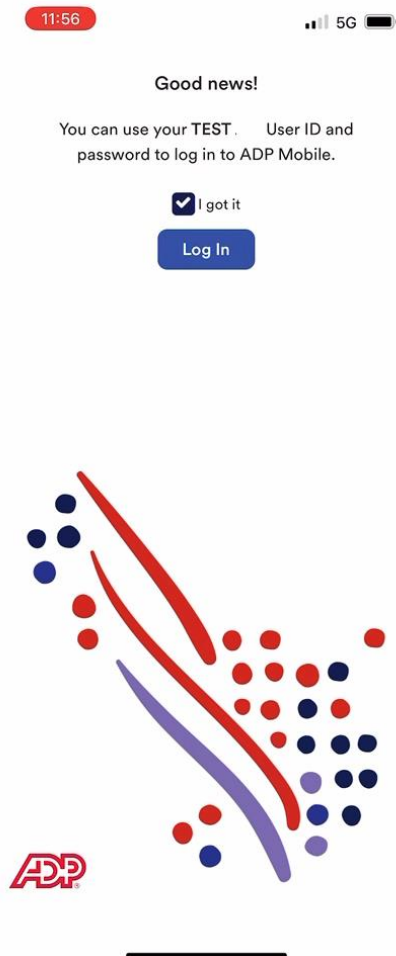

The screen (10:39) displays the heading "Please review your information." followed by a list of fields:

- Name: Susan M Dearborne
- Date of birth: 06/11/1974
- SSN/EIN/ITIN: XXXXXXXX
- Employee/Associate ID: 0000000036

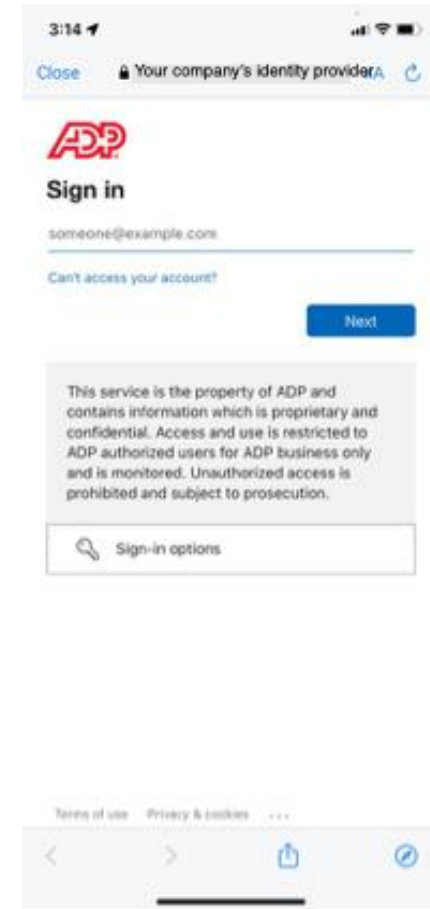

At the bottom are two buttons: "Previous" and "Confirm".

The screen features the same decorative graphic and ADP logo as the previous screens.

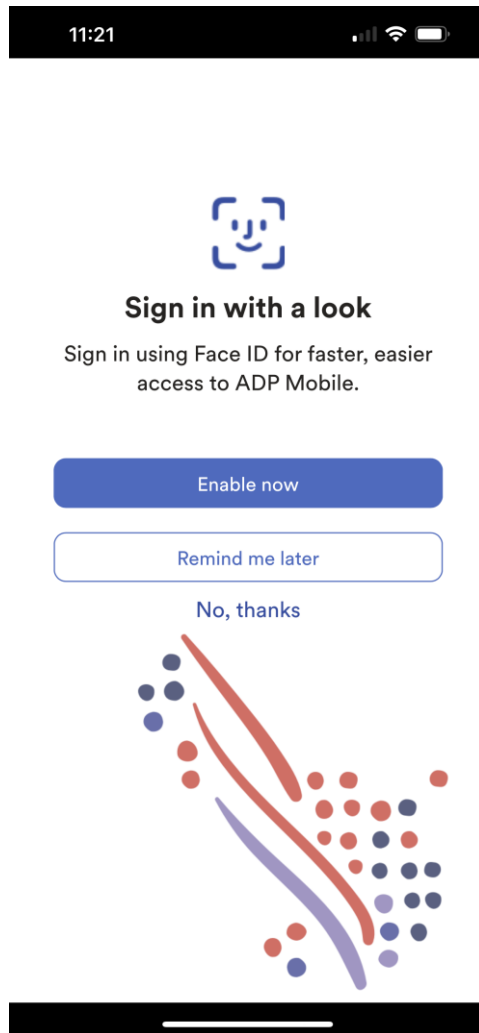

- ADP verifies the information you entered against the information available in your company records. Upon successful verification, check **I Got it**, and tap **Log In**.

- Enter the login user ID and password that you use to sign in to your company's network or Identity Provider and tap **Next**.

- If you're a first-time user, you must accept the Terms and Conditions. Then on the MyCompany Connect page, tap **Enable Now** to enable biometric login for faster access. The biometric options available to you will vary based on your mobile device.

Congratulations! Your set up is complete and you can access your ADP services on your mobile device.

- When you log in for future sessions, you can use one of the biometric methods available to you or sign in with your user ID and password.
