A MESSAGE FROM THE CHIEF

Dear Students, Faculty, and Staff:

University of Detroit Mercy’s Department of Public Safety works around the clock to ensure a safe campus environment. The 2019 Annual Security & Fire Safety Report is provided to inform you of safety information at Detroit Mercy. The Report covers our commitment to the University Community, disclosing statistical information for the previous three years (2016, 2017, 2018) and other safety information.

Detroit Mercy has an Emergency Response Plan that is sound, yet flexible to meet the demands of a crisis, providing a framework necessary to respond to an emergency incident. The University has provided protocols for you identifying the best steps to take, should you find yourself faced with a crisis. When you visit the Department of Public Safety website (www.udmercy.edu/publicsafety), take a few minutes to print out a copy of the full Emergency Response Plan as well as the Emergency Procedure Guide as a quick reference tool.

The University uses RAVE Emergency Alert System (EAS) to provide the community with notifications on campus security issues, class cancelation or other campus-related emergencies. The EAS is designed to send registered participants a notice through text messages and prerecorded voice messages on your cellphones, hard-wired home phones, text pagers, or emails. I strongly recommend that all community members validate your contact information to receive timely campus safety information.

You are encouraged to visit the Department of Public Safety website at www.udmercy.edu/publicsafety to view the Detroit Mercy Emergency Response Plan and other important safety information.

Sincerely,

Joel A. Gallihugh

As a matter of policy, they are encouraged; if and when they deem it appropriate to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. **MISSING PERSON POLICY**

**PURPOSE**
The purpose of this policy is to establish procedures for the University’s response to reports of missing persons, as required by the Higher Education Opportunity Act of 2008. This policy applies to employees, contractors, consultants, temporary help, and other workers at Detroit Mercy, including all personnel affiliated with third parties.

A Detroit Mercy residential student is “determined to be missing” when a missing person’s report investigation concludes that the student has been absent from the University for a period of 24 hours or
longer without any known reason. The Director of Public Safety, or designee, in conjunction with the Dean of Students, or designee, will make the official determination of whether a residential student is deemed missing.

Non-residential students, employees, contractors, consultants, temporary help and other workers who are reported as missing to the Department of Public Safety shall be treated as missing according to the Michigan statute. The statute requires that a person be missing at least 24 hours before a missing report shall be taken by municipal agencies for persons 17 years of age and older, except in unusual circumstances or other factors which may be taken into consideration.

**Scope**

This policy applies to students who are currently enrolled as a student and reside at the University of Detroit Mercy. This policy also applies to non-residential students, employees, contractors, consultants, temporary help and other workers who have visited a Detroit Mercy campus.

**Residential Students**

**Procedure for Designation of Confidential Emergency Contact Information**

All residential students have the opportunity annually to identify an individual or individuals to be contacted by the Dean of Students or designee no later than 24 hours. Anyone concerned that a residential student may be a missing person must notify the Department of Public Safety, Dean of Students, or the Director of Residence Life as soon as possible so that an official determination can be made on the missing status of the student.

The Department of Public Safety and Residence Life staff will gather all essential information about the residential student from the reporting person and from the student’s acquaintances. Appropriate campus staff will be notified to aid in the search for the student. Appropriate staff will include the Residence Life professional on-call, Director of Residence Life, Dean of Students, and the Department of Public Safety.

If the above actions are unsuccessful in locating the student within 24 hours, or it is immediately apparent that the student is a missing person (e.g. witnessed abduction) the student will be deemed a missing student 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed, revoked by the student or when the student is no longer enrolled at Detroit Mercy. This information is maintained confidentially and will be available only to the Department of Public Safety, Dean of Students, and the Director of Residence Life. The administration of the University reserves the right to notify the parents or legal guardian of a student under the age of 21 if s/he has been determined to be missing.

For those students under the age of 17 and not an emancipated minor, the University shall notify the emergency contact as well as the custodial parent or guardian on file no more than 24 hours after the student is determined to be missing.

**General Policy**

People may be missing for a host of reasons. The Detroit Mercy Department of Public Safety will assist in determining if the reported person is missing. At the time of the concern, the Detroit
Mercy Department of Public Safety shall process a report taking all foreseeable steps to locate the missing person on campus. When there is a lapse of 24 hours and a situation absent of extenuating circumstances, a person 17 years of age and older shall be reported to the police department where the missing person resides and will be subject to the laws and ordinances of that agency.

Detroit residents shall be reported to the Detroit Police Department. The reporting party is responsible to contact the appropriate municipal police agency for further assistance. The Detroit Mercy Department of Public Safety will, to the extent possible, facilitate the process between the reporting party and the appropriate police agency.

**Missing Minor**

A report of a missing person who is under the age of 17 shall immediately be processed as a missing person report by the Department of Public Safety. If the missing minor cannot be located on Detroit Mercy property, Detroit Mercy Public Safety shall contact the Detroit Police Department immediately following a check of Detroit Mercy property. All related information gathered during the search shall be turned over to the Detroit Police Department (DPD) for further processing. The Detroit Mercy Department of Public Safety shall assist in the transfer of information to the DPD and take all foreseeable steps to ensure the reporting person has an established contact with DPD. The Detroit Mercy Department of Public Safety shall forward the campus report to the University’s investigative unit. The assigned investigator shall follow up with DPD to determine the disposition.

**JURISDICTION & AUTHORITY**

**PURPOSE**

The purpose of this policy is to make the University of Detroit Mercy Community aware of the police authority of the Detroit Mercy Officers.

**SCOPE**

This policy applies to employees, contractors, consultants, temporary help, and other workers at Detroit Mercy, including all personnel affiliated with third parties.

**POLICY**

If minor offenses involving University rules and regulations are committed by a University student, the campus officers may also refer the individual to the Dean of Students Office for administrative review and appropriate reprimand.

Major offenses such as rape, murder, aggravated assault, robbery, and auto theft are reported to the local police. The prosecution of all criminal offenses, both felony and misdemeanor, are typically conducted within in the City of Detroit or Wayne County jurisdiction. Campus officers work closely with local, state, federal police agencies.

By mutual agreement with state and federal agencies, the University Department of Public Safety has access to information maintained within the NLETS Network (National Law Enforcement
Telecommunications Network) through our joint effort with the Detroit Police Department. Through this system, police personnel can access the National Crime Information Computer system as well as the Law Enforcement Information Network (LEIN). These computer databases are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state and federal law enforcement information.

Crime statistics are compiled on the criminal activity occurring on and around university property to decrease the opportunity for victimization by heightening community awareness.

**POLICY**

A Safety Disclosure Report will be made available annually to keep the university community apprised of safety information affecting Detroit Mercy.

The Detroit Mercy Department of Public Safety prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located by following the link on our website at [www.udmercy.edu/publicsafety](http://www.udmercy.edu/publicsafety). You may also connect to our website via the Detroit Mercy Home page at [www.udmercy.edu](http://www.udmercy.edu). This report is prepared in cooperation with the local law enforcement agencies surrounding campuses, Residence Life and Title IV Coordinators, and the Division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Clery Act.
Campus crime, arrest and referral statistics include those reported to the Detroit Mercy Department of Public Safety, designated campus officials, and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and are not required by law. Michigan law requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at Student Health Services) when they provide medical services to a person they know or reasonably suspect is suffering wounds inflicted by a firearm or is a result of a physical assault or abusive conduct. Personal Counseling Services staff informs their clients of the procedures to report crime to the Department of Public Safety on a voluntary basis, should they feel it is in the best interest of the client.

Each year, an email notification will be made to all enrolled students, faculty, and staff informing them of the website to access this report. Copies of the report may also be obtained by calling the Department of Public Safety at (313) 993-1235 during normal business hours. All prospective employees and prospective students may obtain a copy from the Department of Public Safety website www.udmercy.edu/publicsafety.

It is illegal to misuse prescription medication, i.e. continue to use medication when the prescription is no longer valid, use prescribed drugs contrary to the prescription, and give or sell prescribed drugs to another person. Misusing prescription drugs can result in conviction with jail time.
University of Detroit Mercy uses evidenced-based strategic interventions, collaboration, innovation and the incorporation of the wellness dimensions to reduce harmful consequences of alcohol and other drug use.

- Providing education and awareness activities.
- Offering substance-free social and extracurricular options.
- Creating a health-promoting normative environment.
- Restricting the marketing and promotion of alcohol and other drugs.
- Limiting availability of alcohol and other drugs.
- Developing and enforcing campus policies and enforce laws to address high-risk and illegal alcohol and other drug use.
- Providing early intervention and referral for treatment.
- Parental Notification

The Family Education Rights and Privacy Act (FERPA) govern the release of and access to student education records. Section 952 of the 1998 Amendments to the Higher Education Act of 1965 clarified that institutions of higher education are allowed (but not required) to notify parents if a student under the age of 21 at the time of notification commits a disciplinary violation involving alcohol or a controlled substance.

Because of the health and safety risk inherent in alcohol and other drug misuse, Detroit Mercy will notify parents/family of students under the age of 21:

- If a student has committed an AOD violation accompanied by other serious behavior such as needing medical attention, significant property damage or driving under the influence.
- If a student has had an AOD incident that resulted in a transport to the hospital or jail.
- If a student has had one AOD-related violation of the Student Code of Conduct- Alcohol and Other Drug Policy

Detroit Mercy campuses have been designated “Drug Free” and only under certain circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under state and federal laws. Such laws are strictly enforced by the University of Detroit Mercy public safety officers. Violators are subject to University disciplinary action, criminal prosecution, fine and imprisonment.

Detroit Mercy Department of Public Safety works to maintain a drug-free work place in compliance with University policies, City Ordinances, state and federal laws. The University has disclosed to the community detailed information to uphold the “Drug-Free Work Place Act of 1988”. This information is available through the Detroit Mercy Human Resources Department and located in the UDM Polices & Procedures Handbook effective October 2003. In addition, the Detroit Mercy Department of Student Affairs communicates information on the consumption of alcohol and illicit drug use through the Student Handbook and Calendar. The Department of Residence Life reinforces these policies for the residential community by providing policies on the prohibition of alcohol consumption and illicit drug use in the Guide to Residence Living

SECURITY AWARENESS PROGRAM

PURPOSE
University of Detroit Mercy discloses to the University Community how they will be advised of security awareness programs that take place on University campuses. The Detroit Mercy Department of Public safety is committed to hosting security awareness programs throughout the academic year.

SCOPE
This policy applies to employees, contractors, consultants, temporary help, and other workers at Detroit Mercy, including all personnel affiliated with third parties.

POLICY
Throughout the school term, students are informed of services offered by the Department of Public Safety. Students are told about crime on campus and in surrounding neighborhoods. Similar information is presented to new employees and to the parents of newly enrolled students during parent orientation sessions held throughout the school term. Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis.

Periodically during the academic year, the Detroit Mercy Department of Public Safety, in cooperation with other local law enforcement agencies, university organizations and departments, present crime prevention awareness sessions:
- Sexual assault (rape and acquaintance rape)
- Physical abuse
- Theft
- Vandalism
- Personal Safety
- Residence Hall Security

Detroit Mercy Department of Public safety has identified several agencies that offer educational programs to identify techniques to avoid sexual assault and date rape. Information on these agencies is located on the Department of Public Safety website www.udmercy.edu/publicsafety and in the Student Handbook and Calendar.

The University's Public Safety Department in cooperation with the University’s Emergency Response Planning Committee hosted the first annual Safety Awareness Day in October. The purpose of the Awareness Day was to provide the University community with safety prevention information across a broad spectrum to empower individuals with the ability to make the best safety choices. Participants in the awareness day were the Detroit Mercy Department of Public Safety, Department of Residence Life, Department of Athletics, Metz Culinary Management, University Health Center, Dean of Students Office, LUMA Clean and Safe community outreach committee, The Women’s Commission, Facility Operations, ITS Department and the Student Senate.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.
In addition to seminars, information is disseminated to students and employees through crime prevention awareness packets, security alert notices, displays, electronic marquee, articles and advertisements in university student newspaper, the Varsity News.

When time is of the essence, information is released to the University Community through “safety warnings” posted prominently throughout campus, on the Department of Public Safety website, [www.udmercy.edu/publicsafety](http://www.udmercy.edu/publicsafety), and through emails to the University list server.

## CRIME PREVENTION

### PURPOSE
The purpose of this policy is to educate the University of Detroit Mercy Community on proper crime prevention and safety precautions.

### SCOPE
This policy applies to employees, contractors, consultants, temporary help, and other workers at Detroit Mercy, including all personnel affiliated with third parties.

### POLICY
University of Detroit Mercy maintains, enforces, and discloses to the University Community information on crime prevention programs to address the known types of criminal activity that take place on and around the University’s campuses which may pose a threat to your safety. Crime Prevention Programs will be offered throughout the Fall and Winter semesters to recommend safe practices to the University Community.

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Detroit Mercy Department of Public Safety facilitates programs for students, parents, faculty, new employee orientations, student organizations, and community organizations. In addition, Detroit Mercy Department of Public Safety participates in annual training programs for Resident Advisers and residents providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft and other crimes.

**Tip:** To enhance personal safety, program Public Safety into a one-touch button on your cell phone to quickly report campus emergencies.

## PROHIBITING SEX- AND GENDER-BASED DISCRIMINATION

### POLICY
It is the policy of University of Detroit Mercy to maintain an educational and working environment that stresses the dignity of all individuals. University of Detroit Mercy does not tolerate sex or gender-based discrimination, sexual harassment, sexual misconduct, stalking, retaliation or other behaviors proscribed by Title IX of the Education Amendments of 1972 ("Title IX"), Title VII of the Civil Rights Act of 1964 ("Title VII") and Michigan’s Elliott-Larsen Civil Rights Act. These behaviors are not tolerated by any student, faculty, employee, independent contractor, vendor, visitor or other individual who does business with the University. The University has enacted this Sex and Gender-based Discrimination policy (the
“Policy”) to reflect and maintain its institutional values and community expectations, to provide for fair and equitable procedures for determining any violation of this Policy, and to provide recourse for individuals and the community in response to violations of this Policy.

This Policy affirms the University’s commitment to:

- Educate, train and counsel members of the University community about the harm caused by incidents of sexual harassment
- Facilitate and maintain an environment free from hostility and harassing behaviors
- Affirm the ethical obligation of each member of the University community to foster a learning and working environment free from sexual coercion, intimidation, and exploitation
- Encourage and address complaints of sexual harassment in a prompt and fair manner and protect individuals from retaliation
- Establish and maintain uniform procedures for resolving complaints of sex or gender-based discrimination, harassment, misconduct, stalking and retaliation

This Policy prohibits all forms of sexual or gender-based discrimination, harassment, and misconduct, including sexual assault, non-consensual sexual contact, intimate partner violence, dating violence, sexual exploitation, and stalking. This Policy also prohibits retaliation against a person who reports, complains about, or who otherwise participates in any matter related to this Policy.

The University does not discriminate on the basis of sex in its educational, extracurricular, athletic, or other programs or in the context of employment. Sex discrimination is prohibited by Title IX of the Education Amendments of 1972, a federal law that provides: 

*No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.*

Sexual harassment constitutes a form of sex discrimination which is illegal under Michigan Compiled Laws Annotated 37.2101-37.2210, Title VII of the Civil Rights Act of 1964, and Title IX of the Education Amendments of 1972. In addition to any sanctions that may be imposed by the University of Detroit Mercy as a result of this policy, individuals determined to be responsible for sexual or gender discrimination may be held personally liable to their victims or survivors and subject to additional sanctions within the civil or criminal law system in the State of Michigan.

This Policy prohibits sexual harassment against University of Detroit Mercy community members of any sex, sexual orientation, gender identity, or gender expression in the context of education or employment. This Policy also prohibits gender-based harassment that does not involve conduct of a sexual nature.

Upon receipt of a report, the University will take prompt and equitable action to eliminate the Prohibited Conduct (if any), prevent its recurrence, and remedy its effects. In addition, the University will fulfill its obligations under the Violence Against Women Reauthorization Act of 2013 (“VAWA”) amendments to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) in response to reported Prohibited Conduct. The University’s process for investigating and responding to reported Prohibited Conduct are contained in the following appendices: Appendix A (Student Grievance Process -Student Respondent). Students or employees who are found to have violated this Policy may face disciplinary action up to and including expulsion (students) or termination of employment (faculty or staff).

University of Detroit Mercy also prohibits other forms of discrimination and harassment, including discrimination and harassment on the basis of race, color, national origin, ancestry, age, religious belief,
marital status, physical or mental disability, medical condition, veteran status, or any other characteristic protected by federal, state, or local law. Such prohibited conduct is addressed in other University policies prohibiting discrimination, harassment and retaliation based on protected status (other than sex or gender).

**Scope of Policy**

*Effective Date of Policy*

This Policy applies to all reports of Prohibited Conduct occurring on or after the effective date of this Policy. When the date of the reported Prohibited Conduct precedes the effective date of this Policy, the definitions of misconduct in existence at the time of the report will be used. *The Investigation and Resolution Procedure* under this Policy will, however, be used to investigate and resolve all reports made on or after the effective date of this Policy, regardless of when the incident(s) occurred.

When used in this Policy, “Complainant” refers to the individual who is identified as the subject of Prohibited Conduct. “Respondent” refers to the individual alleged to have engaged in Prohibited Conduct. A “Third-Party” refers to any other participant in the process, including a witness or an individual who makes a report on behalf of a Complainant.

*To Whom Does This Policy Apply?*

**Persons**

This policy applies to Students, Employees, and Third Parties.

1. “Student” includes any person who meets any of the following criteria:
   - is enrolled in any course(s) taught in any format at the University,
   - is living in University residence life facilities, and/or
   - is not officially enrolled for a particular term, but whose University record indicates a continuing relationship with the University. The term relationship, includes but is not limited to:
     - those eligible and/or applying for reenrollment and/or readmission;
     - those involved in an appeal or grievance process, and,
     - those with unresolved business matters with the University.

2. “Employee” includes all persons who are legally defined as employees of the University.

3. “Third Parties” includes all contractors, vendors, visitors, or guests.

   The University’s ability to take appropriate corrective action against a Third Party is determined by the nature of the relationship of the Third Party with the University. The Title IX Coordinator will determine the appropriate manner of resolution consistent with the University’s commitment to a prompt and equitable process consistent with federal and state law, federal guidance, and this policy.

**Places**

*On-Campus Conduct.* This Policy applies to conduct that occurs on-campus, including conduct which occurs on property owned or controlled by the University.

*College Programs.* This Policy applies to conduct that occurs in the context of University employment or education programs or activities, including, but not limited to, University of Detroit Mercy study abroad or experiential programs.
Off-Campus Conduct. This Policy also applies to conduct that occurs off campus and has continuing adverse effects on, or creates a hostile environment for any member of the University of Detroit Mercy community on-campus or in any University employment or education program or activity.

Intersection with Other Policies and Procedures
Separate policies for employees and codes of conduct for students may also address discrimination and harassment. Where Prohibited Conduct violates this Policy Prohibiting Sex and Gender-based Discrimination as well as other policies, the University’s response will be governed by this Policy.

Prohibited Conduct
Sexual or Gender-based Harassment:
Sexual Harassment is any unwelcome sexual advance, request for sexual favors, and other verbal or physical conduct or communication of a sexual nature, whether verbal, non-verbal, graphic, physical, or otherwise when the conditions outlined below are present:

Gender-based harassment includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, when the conditions outlined below are present:
1. Submission to or rejection of such conduct is made, either explicitly or implicitly, a term or condition of a person’s employment, academic standing, or participation in any University program and/or activities or is used as the basis for University decisions affecting the individual (often referred to as “quid pro quo” harassment); or
2. Such conduct creates a hostile environment. A “hostile environment” exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the University’s education or employment program and/or activities. Conduct must be deemed severe, persistent, or pervasive from both a subjective and an objective perspective. In evaluating whether a hostile environment exists, the University will consider the totality of known circumstances, including, but not limited to:
   - The frequency, nature, severity, location, duration and context of the conduct;
   - Whether the conduct implicates concerns related to academic freedom or protected speech.

A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the conduct is physical. A single incident of Sexual Assault, for example, may be sufficiently severe to constitute a hostile environment. In contrast, the perceived offensiveness of a single verbal or written expression, standing alone, is typically not sufficient to constitute a hostile environment.

Other Actions
This policy also prohibits sexual assault, sexual exploitation, stalking, and intimate partner violence. See Appendix and Definition of Terms in Detroit Mercy’s Title IX Investigation and Resolution Procedure here:

Retaliation
Retaliation means any adverse action taken against a person for making a report of Prohibited Conduct or participating in any proceeding under this Policy. Adverse action includes conduct that threatens,
intimidates, harasses, coerces or in any other way seeks to discourage a reasonable person from engaging in activity protected under this Policy.

Retaliation can be committed by or against any individual or group of individuals, not just a Respondent or Complainant. Retaliation does not include actions lawfully pursued in response to a report of Prohibited Conduct. Pursuit by either party of civil, criminal or other legal action, even in response to an initial report under this Policy, does not constitute retaliation.

The University will address any report of retaliation and will pursue disciplinary action as appropriate.

**Confidentiality, Privacy, Responsibility to Report**

Prohibited conduct, or concern that prohibited conduct may have occurred, should be reported to the Title IX Coordinator or a deputy Title IX coordinator. The University will support a Complainant in understanding, assessing, and pursuing reporting options and will advise a Complainant of appropriate resources within and outside the University.

Reports concerning minors -In addition to notifying the Title IX Coordinator and/or Director of Public Safety on campus, any individual may make a direct report as follows: 1.) If a child is in immediate danger, call 911 or Child Protective Services Hotline at 855-444-3911. 2.) The Child Protective Services Hotline may be contacted at all hours and all days of the week.

**Privacy**

The University is committed to protecting the privacy of all individuals involved in the investigation and resolution of reports under this Policy. The University is likewise committed to assisting students, employees, and third parties in making informed choices. With respect to any report under this Policy, the University will make reasonable efforts to protect the privacy of participants, in accordance with applicable state and federal law, while balancing the need to gather information to take steps to eliminate Prohibited Conduct, prevent its recurrence, and remedy its effects. All University employees who are involved in the College's Title IX response receive specific instruction about respecting and safeguarding private information.

With the exception of Title IX reporting, Responsible Employees will maintain the privacy of information related to a report of Prohibited Conduct, and information will only be shared beyond the Title IX Coordinator or DPS on a “need to know” basis in order to assist in the review, investigation and resolution of the report, or support of the parties.

**Employees’ Responsibility to Report**

Every employee is designated as either a “Responsible Employee” or a “Confidential Employee”. To assure that all Complainants are provided with equitable access to support and information about options and that the University provides a consistent response to Prohibited Conduct that allows for the tracking of patterns and climate concerns. Responsible Employees have an obligation to share information about Prohibited Conduct with the Title IX Coordinator. (Please note, Responsible Employees are not required to report information disclosed at public awareness events such as “Take Back the Night” and are not required to disclose information disclosed during a student’s participation as a subject in a research study conducted at the University.)

**Responsible Employees** are all University of Detroit Mercy employees including Resident Advisors, Graduate Assistants and other student-employees, when disclosures are made to any of them in their capacities as employees. Responsible Employees do not include employees who are licensed medical, clinical, or mental health professionals (physicians, nurse practitioners, nurses, physicians’ assistants,
psychologists, professional counselors, and social workers, and those performing services under their supervision). These individuals are **Confidential Employees**. A Confidential Employee will not disclose information about Prohibited Conduct to the University’s Title IX Coordinator without the Student’s written release and permission to do so with the following exceptions: a.) a concern by a licensed medical, clinical or mental health professional that the student will likely cause imminent and physical harm to self or others, or b.) the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18 pursuant to state law.

**Student Request for Anonymity**
A student may desire to report Prohibited Conduct to the University but to maintain confidentiality. If so, the Title IX Coordinator will evaluate such requests. Where a Complainant requests that the Complainant’s name or other identifiable information not be shared with the Respondent or that no formal action be taken, the Title IX Coordinator, in conjunction with the Title IX team, will balance the Complainant’s request with its dual obligation to provide a safe and non-discriminatory environment for all University community members and to remain true to principles of fundamental fairness that ordinarily provide for notice and an opportunity to respond before action is taken against a Respondent. In making this determination, the University may consider the seriousness of the conduct, the respective ages and roles of the Complainant and Respondent, whether there have been other complaints or reports of harassment or misconduct against the Respondent, and the rights of the Respondent to receive notice and relevant information before disciplinary action is sought.

The University will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue an investigation, but its ability to do so may be limited based on the nature of the request by the Complainant. Where the University is unable to take action consistent with the request of the Complainant, the Title IX Coordinator or a member of the Title IX team will inform the Complainant about the chosen course of action, which may include the University seeking disciplinary action against a Respondent. Alternatively, the course of action may also include steps to limit the effects of the alleged harassment and prevent its recurrence that do not involve formal disciplinary action against a Respondent or revealing the identity of the Complainant.

**Disclosures Required by the Clery Act**

**Timely Warnings**
A “Timely Warning” is a campus-wide notification of a serious or continuing threat to the University of Detroit Mercy community. The Timely Warning does not include identifying information about the Complainant. If a report of misconduct discloses a serious or continuing threat to the University community, the University may issue a campus wide timely warning through university email to protect the health or safety of the community. Consistent with the Clery Act, the University withholds the names and other personally identifying information of Complainants when issuing timely warnings to the University Community.

**Annual Reporting Responsibilities**
University of Detroit Mercy and all higher education institutions that receive federal funding are obligated to publicly issue an Annual Security Report (“ASR”) which identifies the number of particular reported crimes on campus or campus property, or adjacent to campus. The ASR does not include identifying information about the Complainant or Respondent.

**Crime Log**
All higher education institutions that have campus police forces or security departments must maintain a daily crime log that includes entries for all crimes that occur within both the Clery geography and the
campus police force’s regular patrol route. The crime log does not include identifying information about the Complainant or Respondent.

Role of the Title IX Coordinator and Deputy Coordinators

The Title IX Coordinator monitors the University’s overall compliance with Title IX, ensures appropriate training and education, and oversees the University's investigation, response, and resolution of reports made under this Policy. Upon receiving reports of Prohibited Conduct, the Title IX Coordinator ensures that appropriate action is taken to eliminate that conduct, prevent its recurrence, and remedy its effects.

The Title IX Coordinator is available to advise all individuals including individuals who have experienced misconduct, individuals who are alleged to be responsible for misconduct, and third-parties on this policy and related procedures. The Title IX Coordinator and Deputy Coordinators constitute a small circle of individuals who have a “need to know” of any alleged Prohibited Conduct to effectuate this Policy. The foregoing individuals have received appropriate training to discharge their responsibilities.

How to Report

The University urges anyone who has experienced or knows about an incident of Prohibited Conduct to immediately contact the Title IX Coordinator or Deputy Coordinator.

The University's Title IX Coordinator or any Deputy Title IX Coordinator may be reached at their office or by telephone or email as noted above.
The University strongly encourages all individuals to seek assistance from a medical provider and/or law enforcement immediately after an incident of sexual violence. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response.

The University also strongly encourages all individuals to make a report to the University and to local law enforcement, although neither is required. These reporting options are not mutually exclusive. Both internal and criminal reports may be made simultaneously.

The University has a strong interest in supporting survivors of sexual harassment, sexual violence, stalking, and dating/intimate partner/domestic violence and strongly encourages all individuals or third party witnesses to report any incident to the University. The University will support Complainants in understanding, assessing, and pursuing options and will assist Complainants in notifying law enforcement and seeking medical treatment as well as counseling.

Making a report means telling a Responsible Employee what happened: in person, by telephone, in writing, or by email. At the time a report is made, a Complainant does not have to request any particular course of action, nor does a Complainant need to know how to label what happened. Choosing to make a report, and deciding how to proceed after making the report, can be a process that unfolds over time. The University provides support that can assist each individual in making these important decisions, and will respect an individual’s autonomy in deciding how to proceed to the extent legally possible. In this process, the University will balance the individual’s interest with its obligation to provide a safe and non-discriminatory environment for all members of the University Community.

The University will investigate and resolve all reports of Prohibited Conduct in a fair and impartial manner. A Complainant, a Respondent and all individuals involved will be treated with dignity and respect. In response to all reports of Prohibited Conduct, the University will make an immediate assessment of any risk of harm to the Complainant, Respondent, or to the broader campus community and will take steps necessary to address those risks. These steps may include interim measures to provide for the safety of the individual and the campus community.

The contact information for all reporting options may be found in the List of Resources for Reporting, Care and Support, Section VII.

Emergency Reporting Options
Complainants have the right to notify or decline to notify law enforcement. The University strongly encourages all individuals to seek assistance from law enforcement immediately after an incident of Prohibited Conduct. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response. Police have unique legal authority, including the power to seek and execute search warrants, collect forensic evidence, make arrests, and assist in seeking emergency protective orders. The University will help any University community member to get to a safe place and will provide transportation to the hospital, coordination with law enforcement, and information about on- and off-campus resources and options for resolution.

Detroit Police Department (DPD) – if suspected Title IX violation occurs on campus
The Detroit Police Department may be contacted seven days a week, 24 hours a day.
301 Third St., Detroit, Michigan, 48201

Your local police department – if suspected Title IX violation occurs off campus.

Other Reporting Considerations
Timeliness
Complainants and third-party witnesses are encouraged to report Prohibited Conduct as soon as possible in order to maximize the University’s ability to respond promptly and effectively. The University does not, however, limit the time frame for reporting. If the Respondent is not a member of the University community, the University will still seek to meet its Title IX obligation by taking steps to end the harassment, prevent its recurrence, and address its effects, but its ability to take disciplinary action against the Respondent will, of course, be limited.

Location
An incident does not have to occur on campus to be reported to the University. Off-campus conduct that is likely to have a substantial effect on the Complainant’s on-campus life and activities or poses a threat or danger to members of the University community may also be addressed under this Policy.

Amnesty for Good Faith Reporting
The University will not pursue disciplinary action against students (Complainants or witnesses) for disclosure of personal consumption of alcohol or other drugs (underage or illegal) if the disclosure is made in connection with a report or investigation of Prohibited Conduct.

The University strongly encourages the reporting of Prohibited Conduct under this Policy. It is in the best interest of this community that Complainants report to university officials and that participants in the grievance process are forthright in sharing information. To guard against discouraging reporting or participation, a student who reports Prohibited Conduct or participates in the grievance process, either as a Complainant, Respondent, or a third-party witness, will not be subject to disciplinary action by the University for personal consumption of alcohol or drugs or other violations of the conduct policy (not including this Policy) at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk and do not involve plagiarism, cheating, or academic dishonesty. The University may, however, initiate an educational discussion or pursue other educational remedies with the student regarding alcohol or other drugs. Being intoxicated by drugs or alcohol is no defense to any violation of this Policy and does not diminish one’s responsibility to obtain consent.

Coordination with Law Enforcement
The University strongly encourages Complainants to pursue criminal action for incidents of sexual harassment, sexual violence, and intimate partner violence that may also be crimes under Michigan law. The University will assist a Complainant in making a criminal report and cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process to the extent permitted by law.

The University’s Policy, definitions, and burden of proof may differ from Michigan criminal law. A Complainant may seek recourse under this Policy and/or pursue criminal action. Neither law enforcement’s determination whether or not to prosecute a Respondent, nor the outcome of any criminal prosecution, are determinative of whether a violation of this Policy has occurred. Proceedings under this Policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus.

The University may not delay conducting its own investigation unless specifically requested by law enforcement (e.g. DPD). In the event of such specific request, the University shall defer its investigation only during the time that the DPD is gathering evidence, which should not exceed ten (10) days absent extenuating circumstances. The University will nevertheless communicate with the Complainant and Respondent (if appropriate) regarding Title IX rights, procedural options, and the implementation of interim measures to assure safety and well-being. The University will promptly resume fact gathering as soon as it is informed that law enforcement has completed its initial investigation.
Interim Measures and Remedies

Overview
Upon receipt of a report, the University will provide reasonable and appropriate interim measures designed to eliminate the alleged hostile environment and protect the Parties involved. The University will make reasonable efforts to communicate with the Parties to ensure that all safety, emotional and physical well-being concerns are being addressed. Interim measures may be imposed regardless of whether formal disciplinary action is sought by the Complainant or the University, and regardless of whether the crime is reported to Public Safety or local law enforcement.

The University offers a wide range of resources for Students and Employees, whether as Complainants or Respondents, to provide support and guidance throughout the initiation, investigation, and resolution of a report of Prohibited Conduct. The University will offer reasonable and appropriate measures to protect a Complainant and facilitate the Complainant’s continued access to University employment or education programs and activities.

The availability of remedial and protective measures will be determined by the specific circumstances of each report. The University will consider a number of factors in determining which measures to take, including the needs of the Student or Employee seeking remedial and/or protective measures; the severity or pervasiveness of the alleged conduct; any continuing effects on the Complainant; whether the Complainant and Respondent share the same residence hall, academic course(s), or job location(s); and whether other judicial measures have been taken to protect the Complainant (e.g. protective orders such as personal protection orders). All individuals are encouraged to report concerns about failure of another individual to abide by any restrictions imposed by an interim measure. The University will take immediate and responsive action to enforce a previously implemented restriction if such restriction was violated.

The Title IX Coordinator has discretion to impose and/or modify any interim measures based on available information, and is available to meet with a Complainant or Respondent to address any concerns about the provision of interim measures.

A Complainant or Respondent may request a No Contact Letter or other protection, or the University may choose to impose interim measures at its discretion to ensure the safety of all Parties, the broader University community, and/or the integrity of the process. All individuals are encouraged to report concerns about failure of another individual to abide by any restrictions imposed by an interim measure. The University will take immediate and responsive action to enforce a previously implemented restriction if such restriction was violated.

Interim Suspension or Separation
Where the reported conduct poses a substantial and immediate threat of harm to the safety or well-being of an individual, members of the campus community, or the performance of normal University functions, the University may place a student or student organization on interim suspension or impose leave for an employee. Pending resolution of the report, the individual or organization may be denied access to campus, campus facilities, and/or all other University activities or privileges for which the student might otherwise be eligible, as the University determines appropriate. When interim suspension or leave is imposed, the University will make reasonable efforts to complete the investigation and resolution within an expedited time frame.

Care and Support Resources
The University is committed to treating all members of the community with dignity, care, and respect. Any student who experiences or is affected by violations under this Policy, whether as a Complainant, a
Respondent, or a Third-Party, will have equal access to support and counseling services through the University.

The University strongly encourages individuals to report Prohibited Conduct. The University recognizes, however, that the decision to report Prohibited Conduct (to the College and/or law enforcement) can be difficult. The University strongly encourages individuals who are considering whether to report Prohibited Conduct to seek the support of confidential campus and community resources, listed below. These trained professionals can provide guidance in making decisions, information about available resources and procedural options, and assistance to either party in the event that a report and/or resolution under this Policy is pursued. These resources are available regardless of when or where the incident occurred.

There are many resources available on campus and in the surrounding community. As detailed below, there are Confidential Resources which by law cannot share information without the consent of the individual seeking assistance (in most circumstances). There are also a variety of University resources that will be discreet and private but are not considered confidential. These resources will maintain the privacy of an individual’s information within the limited circle of those involved in the resolution of a complaint under this Policy.

**Prevention and Awareness Programs**
The University is committed to the prevention of Prohibited Conduct through regular and ongoing education and awareness programs. Incoming students and new employees receive primary prevention and awareness programming as part of their orientation, and returning students and current employees receive ongoing training and related education.

**Training**
The University provides training to students and employees to instrumentally assist in fostering understanding of this Policy and the topics and issues related to maintaining an educational and employment environment free from all forms of Prohibited Conduct.
To participate in mutually agreed-upon, sexually explicit touching or sexual penetration. Consent must be informed and freely given. The willingness to participate must be clearly indicated prior to any sexual activity, and again, prior to sexual penetration. If at any time during the sexual interaction any confusion or ambiguity should arise on the issue of consent, it is imperative that each individual involved in the activity stop and clarify, verbally, the other’s willingness to continue

1. A verbal “no,” even if it may sound indecisive or insincere, constitutes lack of consent.
2. When consent is requested verbally, absence of any explicit verbal response constitutes lack of consent.
3. It is expected that, after consent has been established, a person who changes his/her mind during the sexual activity will communicate through words or actions, his/her decision to no longer proceed.
4. Past consent to sexual activity does not imply future ongoing consent, and the fact that two persons are in an ongoing relationship shall not preclude the possibility sexual misconduct or sexual assault might occur within that relationship.
5. A student’s use of alcohol and/or other drugs shall not diminish a student’s responsibility to obtain consent.

Incapacity
Incapacity is when a person is considered incapable of giving consent if he/she is asleep, unconscious and/or losing and regaining consciousness, or clearly mentally or physically incapacitated, for example, by alcohol and/or other drugs (signs of being incapacitated include, but are not limited to, difficulty walking, inability to speak in a coherent manner, vomiting or the presence of vomit, etc.).

Sexual Penetration
Sexual penetration is defined as any degree of insertion of a penis, hand, finger, tongue, or any object into a person’s anus or vulva, or any degree of insertion of genitalia into the mouth.

SEXUAL ASSAULT REGISTRATION

PURPOSE
The University of Detroit Mercy Department of Public Safety releases to the University community web links maintained by an outside source that will enable the University community to locate information on Michigan registered sex offenders.

SCOPE
This policy applies to students, employees, contractors, consultants, temporary help and other workers at the University of Detroit Mercy, including all personnel affiliated with third parties.

SEXUAL ASSAULT DEFINED
Sexual assault is a physical assault forced upon an individual who does not or cannot consent and involves a sexual act or an attempted sexual act with that individual. Sexual assault includes, but is not limited to sexual intercourse. Sexual assaults are acts of violence used to humiliate, dominate and overpower another person.
**POLICY**

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Detroit Mercy Department of Public Safety is providing a link to the Michigan Department of State Police (MSP) Sex Offender Registry.

This Act requires sex offenders registered in a state to provide notice of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. In the State of Michigan, convicted sex offenders must register with the Sex Offender and Crimes against Minors Registry maintained by the MSP. Detroit Mercy Department of Public Safety provides for the campus community resources to obtain information concerning registered sex offenders.

MSP Public Sex Offender Registry (SOR) is available via Internet pursuant to Offenders Registration Act, MCL 28.721et seq. Registry information provided under this section shall be used for the purpose of the administration of criminal justice, screening of current or prospective employee, volunteers or otherwise for the protection of the public in general and children in particular.

Unlawful use of the information for the purpose of intimidating or harassing another is prohibited and willful violation shall be punishable through the legal system. These sites are maintained by the Michigan State Police.

**TITLE IX INVESTIGATION AND RESOLUTION PROCEDURE**

**POLICY**

The University prohibits sex and gender-based discrimination including but not limited to sexual assault, sexual exploitation, sexual and gender-based harassment, intimate partner violence, sexual exploitation, stalking, retaliation, and violation of interim measures ("Prohibited Conduct"). Prohibited Conduct is expressly forbidden and will not be tolerated at the University. Such conduct may also violate federal and state civil or criminal laws.

The University has enacted this policy in an effort to eliminate Prohibited Conduct, prevent its recurrence, eliminate its effects, and to meet its legal obligations under Title IX of the Education Amendments of 1972, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) as amended by the Violence Against Women Reauthorization Act of 2013, and other applicable law.
REPORTING OF PROHIBITED CONDUCT

The University strongly recommends the reporting of sexual misconduct. Such complaints of potential sexual misconduct may be made to the following trained Title IX Deputy Coordinators:

**Title IX Coordinator and Equity and Compliance Specialist**

All reports will then be directly forwarded to the University Title IX Coordinator, who is responsible for overseeing the University’s review, investigation, and resolution of reports of Prohibited Conduct under the University’s Investigatory Procedure to resolve complaints.

**Additional Resources Involving Non-University Reporting**

Aside from reporting to the University, an individual may also file a complaint with the following agencies:

United States Department of Education  
Clery Act Compliance Division  
clery@ed.gov

Office for Civil Rights  
OCR@ed.gov

The Equal Employment Opportunity Commission  
info@eeoc.gov

Michigan Department of Civil Rights  
http://www.michigan.gov/mdcr or 517-335-3165

Individuals may also make complaints directly to local law enforcement.

Complaints with the Office for Civil Rights must be filed within one hundred eighty (180) days of the last act that the Complainant believes was discriminatory. There is no time limit for making a report to the University; however, the University strongly recommends that such complaints be made within one hundred eighty (180) days. If the Respondent is no longer a student or employee, the University’s authority to pursue disciplinary action may be limited.
TITLE IX ASSESSMENT

Once a report is made and forwarded to the Title IX Coordinator, the Title IX Coordinator will conduct an initial Title IX assessment. The first step of this assessment will usually be a preliminary meeting between the Complainant and the Title IX Coordinator. As part of the initial assessment of the facts, the University will:

- Assess the nature and circumstances of the allegation;
- Address immediate physical safety and emotional well-being issues;
- Notify the Complainant of the right to contact law enforcement if the conduct is criminal in nature, and if requested, assist them with notifying law enforcement;
- Notify the Complainant of the availability of support and assistance, including medical treatment to address physical and mental health concerns;
- Provide the Complainant with information about on- and off-campus resources;
- Advise the Complainant about the University’s prohibition against retaliation and how to report acts of retaliation;
- Inform the Complainant they may seek an advisor of their choosing to assist them throughout the investigation and resolution of the complaint, and that the advisor may accompany them to any meeting or proceeding under this policy (additional guidance about the role of the advisor is contained in the Appendix).

When the Title IX Coordinator determines that an investigation should be initiated or that any other action should be instituted that impacts a Respondent, the Title IX Coordinator will notify the Respondent by email. The Respondent will also be provided with information on available resources and options. The Title IX Coordinator will:

- Inform the Respondent that they may see an advisor of their choosing to assist them throughout the investigation and resolution of the complaint, and that the advisor may accompany them to any meeting or proceeding under this policy (additional guidance about the role of the advisor is contained in the Appendix);
- Provide the Respondent with information about support and assistance available through the University and other resources;
- Provide the Respondent with information regarding the resolution process;
- Advise the Respondent about the University’s prohibition against retaliation.

When the Complainant requests that their identity not be shared with the Respondent or that the University not pursue an investigation, the University must consider this request in the context of the University’s responsibility to provide a safe and non-discriminatory environment for all University community members. The University, through the Title IX Coordinator, will take all reasonable steps to investigate and respond to the complaint, consistent with the request not to share identifying information or pursue an investigation, but its ability to do so may be limited by the circumstances.

At the conclusion of the initial Title IX assessment, the Complainant will receive a written notice of the determination about how the University plans to proceed. Depending on the circumstances and
requested resolution, the Respondent may or may not be notified of the report or resolution. A Respondent will be notified when the University seeks action that would impact a Respondent, such as protective measures that restrict the Respondent’s movements on campus, the initiation of an investigation, or the decision to request the Respondent’s involvement in an Informal Resolution.

**INFORMAL RESOLUTION**

Informal Resolution is an alternative approach designed to stop the Prohibited Conduct without a full investigation or taking unilateral disciplinary action against a Respondent. When the Title IX assessment concludes that Informal Resolution may be appropriate, the University will take immediate and corrective action through the imposition of individual and community remedies designed to maximize the Complainant’s access to educational, extracurricular, and employment activities at the University and to eliminate a hostile environment. Depending on the form of Informal Resolution used, it may be possible for a Complainant to maintain anonymity.

Informal Resolution, even if voluntary, may not be used in cases involving allegations of sexual assault. With respect to all other types of prohibited conduct, the decision to pursue Informal Resolution will be made when the University has sufficient information about the nature and scope of the conduct, which may occur at any time. Participation is voluntary, and a Complainant or Respondent can request to end Informal Resolution and initiate an investigation at any time. Additionally, if an informal resolution is reached but either party fails to abide by the resolution, the Title IX Coordinator may initiate an investigation and formal resolution, if deemed appropriate.

The Title IX Coordinator will maintain records of all reports and conduct referred for Informal Resolution, which will typically be completed within sixty (60) days of the conclusion of the initial Title IX assessment.

**INVESTIGATION**

**Overview of Investigation:**
If the University determines that an investigation should be pursued based on the potential risk of harm or threat to Complainant or public safety, the Title IX Coordinator will initiate an investigation to gather facts.

Throughout the investigation and resolution, a Complainant or Respondent may have an advisor of their choosing present at any meeting or proceeding. Additional guidance about the role of the advisor is contained in the Appendix. Information gathered during the review or investigation will be used to evaluate the responsibility of the Respondent, provide for the safety of the Complainant and the University campus community, and take appropriate measures designed to end the misconduct, prevent its recurrence, and address its effects.

**Notice of Investigation**
Both the Complainant and the Respondent will receive written notice sent to University of Detroit Mercy student’s email address indicating that an investigation has been initiated. The notice will include the description of the complaint, the potential policy violations at issue, the name and contact information of the assigned investigator, and a copy of the investigative procedure.

The notice will also provide that both Complainant and Respondent have a right to an advisor of their choice which may include an attorney. (Additional guidance about the role of the advisor is contained in the Appendix.)
The notice will confirm that medical and counseling records are confidential and not accessible to the investigator unless the Party voluntarily chooses to share records as part of the investigation.

**Investigator**
The University will designate an investigator, typically the Title IX Coordinator or a deputy Title IX coordinator, who has specific training and experience investigating allegations of Prohibited Conduct. The investigator may be an employee of the University, an external investigator engaged to assist the University in its fact gathering, or both.

**Investigative Steps**
The investigator will coordinate the gathering of information from the Complainant, the Respondent, and any other individual who may have information relevant to the determination. The investigator may consider prior or subsequent conduct that is relevant to evaluating the current conduct. The investigative interviews may be audio-recorded and notes of the interview will be maintained by the University until the parties have had the opportunity to review and comment on the draft investigation report. The investigator will also gather any available physical evidence, including documents, communications between parties, and other electronic records as appropriate and as described more fully below. The Complainant and Respondent will have an equal opportunity to be heard, to submit information, and to identify witnesses who may have relevant information.

**Complainant and Respondent Interviews**
The investigator will interview the Complainant and Respondent separately. Each party will be asked to participate in an initial interview and may be asked to participate in follow up interviews as needed.

**Other Sexual History**
An investigation under this policy may consider prior or subsequent sexual history between the parties if the investigator determines that there was a prior or ongoing relationship between the Complainant and Respondent and the investigator is asked to determine whether consent was sought and given. As noted in other sections of the policy, whether someone consented on a prior or subsequent occasion is not evidence that the person consented on this occasion, and consent must be sought and given each time. Any prior or subsequent sexual history between the parties will only be used to help understand the manner and nature of communications between the parties and the context of the relationship. If the investigator determines that prior or subsequent sexual history should be considered, both the Complainant and Respondent will be notified and have the opportunity to provide any additional relevant information to the investigator. The sexual history of a Complainant or Respondent will never be used to prove character or reputation.

**Witness Interviews**
If witnesses are identified by the parties, through interviews, or in documentation, who have observed the acts in question or have information relevant to the incident, the investigator will make a good faith effort to contact and interview those individuals even if they are no longer at the University. The investigator may also interview any other individual he or she finds to be potentially relevant to the allegations of the complaint. The investigator will inform each witness that they are prohibited from retaliating against the Complainant and Respondent or other witnesses, and request that the witness respect the privacy of the parties and the integrity of the process.

**Experts**
The investigator may contact any expert they determine would be of assistance to ascertain the facts related to the complaint. An expert witness may be contacted for an informal consultation or for a professional opinion regarding information learned from the investigation.
Documents/Records Review
The investigator may review other documents that may be relevant to the investigation, including but not limited to, police records, electronic or other records of communications between the parties or witnesses and records of other information voluntarily provided by Complainant or Respondent, including medical records.

Site Visits
The investigator may visit pertinent sites or locations and record observations through written or electronic documentation, such as videos or photographs.

Consideration of Other Conduct by a Respondent
Evidence of an occurrence or occurrences of sexual or other behavior which may resemble either party’s version of the alleged encounter, including whether consent was sought or given, may be considered. Where there is evidence of a pattern of similar conduct, either before or after the conduct in question, regardless of whether there has been a prior finding of a policy violation, this information may be deemed relevant to the determination of policy violation or assigning of a sanction. The determination of relevance will be based on an assessment of whether the previous or subsequent incident was substantially similar to the conduct cited in the report or indicates a pattern of behavior and substantial conformity with that pattern. Where there is a prior finding of a policy violation by the Respondent for a similar act of prohibited conduct, there is a presumption of relevance and the finding may be considered in making a determination as to responsibility and assigning of a sanction.

Consolidation of Investigation
The investigator has the discretion to consolidate multiple reports against a Respondent into one investigation if the evidence related to each incident may be relevant in reaching a determination in the other incident. In addition, in gathering the facts, the investigator may consider similar prior or subsequent allegations of, or findings of responsibility for, similar conduct by the Respondent to the extent such information may be relevant.

Concurrent Law Enforcement Investigation
If there is a concurrent criminal investigation, at the request of law enforcement, the University may agree to defer its Title IX fact-gathering until after the initial stages of a criminal investigation. The University will nevertheless communicate with the Complainant and Respondent regarding Title IX rights, procedural options, and the implementation of interim measures to assure the safety and well-being of all affected individuals. The University will promptly resume its Title IX fact-gathering as soon as law enforcement has released the case for review following the initial criminal investigation.

Investigation Report Content
At the conclusion of the investigation, the investigator will prepare a draft report that summarizes the information gathered, synthesizes the areas of agreement and disagreement between the parties and any supporting information or accounts, and analyzes the relevant facts determined through the investigation, referencing any supporting documentation or statements. The investigation report may include summaries of interviews with the Complainant, Respondent, third-party witnesses, experts, and any other individuals with relevant information, photographs of relevant sites or physical evidence, electronic records, and forensic evidence.

Review of Draft Investigation Report
Before the report is finalized, the Complainant and Respondent will be given the opportunity to review the draft report. Consistent with FERPA or safety concerns, identifying information about the Complainant or witnesses may be redacted at the discretion of the investigator. A Complainant and Respondent may submit any additional comment or evidence to the investigator at his/her email address within five (5) business days of receipt of the draft report. A Complainant and Respondent may also raise
concerns about the inclusion of any evidence, even if relevant, that the party believes may be more harmful than probative. Upon request by either the Complainant or Respondent prior to the expiration of the five (5) day period, an additional three (3) business days may be granted to submit additional comments or evidence to the investigator.

Upon receipt of any additional information or comments by the Complainant or Respondent, or after the three (3) day comment period has lapsed without comment, the investigator will prepare the final investigation report. In completing the report, the investigator will determine whether any information included in the report should be excluded. After any adjustments are made in response to comments and information received, the investigator shall determine whether there is sufficient information to find, by a preponderance of the evidence that a policy violation occurred.

The investigator will submit a final report and investigative finding to the Complainant and Respondent. The final report will include all investigation materials subject to the guidelines set forth in the preceding section, the Complainant and Respondent responses, the finding of whether the University of Detroit Mercy Prohibiting Sex and Gender-based Discrimination and any additional policies being explored through this investigation have been violated, with the investigator's reasoning. The finding will be based on the standard of preponderance of the evidence, i.e., whether it is more likely than not that the policy was violated.

At the conclusion of the investigation, the investigator will forward their Investigative Report to the Dean of Students. (Please note, If the Respondent is an employee, this report will be sent to the Associate Vice President of Human Resources for appropriate action pursuant to the University’s sexual harassment and other policies.) The Report will contain the information obtained in the investigation, an analysis of the information, and finding of Policy violations.

a. If the investigator determines there was not a violation of this Policy, the Dean of Students will inform the Complainant and Respondent, in writing, that the matter will be closed and no further action taken.

b. If the investigator determines that there is sufficient evidence to support a violation of this Policy, the Dean of Students will inform the Complainant and Respondent by issuing a written Decision Notification Letter to both Complainant and Respondent.

c. If a Respondent is found responsible for violating this Policy, the report will be sent to the appropriate University official(s) for action on the sanctions. Once the appropriate University official implements the sanction/action, the University official shall notify the Title IX Coordinator of any action that has been taken. (Please note, sanctions will not generally be implemented until after the appeal deadline has passed, or, if an appeal has been filed, until after the appeal has concluded. However, the University reserves the right to keep in place interim measures, or to implement additional measures, on a case-by-case basis, at any time to maintain public safety and the safety of Complainant.)

d. The University will, where appropriate, take reasonable steps to remedy the harm to the affected individual(s) of the Prohibited Conduct, including counseling for those who have subjected to or have engaged in commission of the Prohibited Conduct.

Possible student sanctions include:

1. Warning
2. Assessment and Treatment, including psychological or mental health counseling
3. University Housing Restrictions
4. Restrictions on Participation or Use
5. Probation
6. Suspension
7. Expulsion  
8. Withholding Diploma  
9. Withholding Degree  
10. Transcript Notation  
11. Organizational Sanctions  
12. Other actions, as appropriate, given the facts, circumstances and findings in each matter

**Notice of Outcome**
Both the Respondent and the Complainant will receive written notice of the outcome, the sanction, and the rationale for both sent by the Title IX Coordinator.

To provide notice of the outcome, University-issued email is the primary means of communication. Alternative methods may be used, if appropriate.

The notice of outcome will include the findings as to whether there has been a policy violation and the rationale for the result. The notice of outcome will also include the sanction and the rationale for the sanction. The Respondent will be informed of the date by which the requirements must be satisfied (if applicable), and the consequences of failure to satisfy the requirements. The Complainant will be fully informed of any sanctions and remedies that directly relate to the Complainant, including information about the Respondent’s presence on campus (or in a shared class or residence hall), that may help a Complainant make informed decisions or work with the University to eliminate harassment and prevent its recurrence. The notice of outcome will also provide each party with their appeal options. The University may also notify appropriate University officials, such as Public Safety, faculty members, residence life staff, coaches, as necessary, to implement the outcome and/or sanctions.

**Appeal**
Either party may appeal the outcome and/or sanction within 5 days of the date of the outcome letter. The limited grounds for appeal are as follows:

- The discovery of new information that is material and relevant and could affect the finding of the investigator and which was not available through the exercise of due diligence by the appealing party at the time of the investigation;

- A deviation from University policy or procedure that materially affected the outcome.

The appeal shall consist of a plain, concise, and complete written statement outlining the grounds for the appeal. Dissatisfaction with the outcome of the investigation is not grounds for appeal. The appeal must be submitted to the Dean of Students within five (5) days of the date of the outcome letter. The Title IX Coordinator will provide the other party notice of the appeal and the opportunity to respond in writing to the appeal. A party’s response to the appeal must be submitted within five (5) days from their receipt of the appeal. In the event both parties appeal the findings, each party will be provided notice and a copy of the other party’s appeal.

Upon receipt of the appeal and any response, a hearing officer will be appointed by the Dean of Students or other designee.

In any request for an appeal, the burden of proof lies with the party requesting the appeal. The appeal is not a new review of the underlying matter. The hearing officer shall consider the merits of an appeal only on the basis of the above grounds for appeal. The hearing officer will review the written investigation report and all supporting documents.
Appeals are not intended to be a full rehearing of the complaint (de novo). In most cases, appeals are confined to a review of the written documentation regarding the grounds for the appeal. However, the parties may request a hearing on the facts.

The hearing officer will communicate the result of the appeal to the Complainant and Respondent within twenty-one (21) days from the date of the submission of all appeal documents by both parties or 21 days after hearing (if requested). Decisions on Appeals are final.

**Additional Considerations**

**Group Infractions**

When members of a student group, organization, team, or individuals act in concert in violation of the Policy, their conduct may be reviewed as a group or as individuals, and an investigation may proceed against the group as joint Respondents or against one or more involved individuals as appropriate given available information and circumstances.

A student group, organization, or team’s officers and membership may be held collectively and individually responsible when violations of this policy by the organization or its members take place at organization sponsored events, have received the consent or encouragement of the organization or the organization’s leaders or officers, or was known or reasonably should have been known to the membership or its officers.

In any such action, individual determinations as to responsibility will be made and sanctions may be assigned collectively and individually.

**Records**

The Title IX Coordinator will retain records of all reports, allegations, and complaints, regardless of whether the matter is resolved by Title IX assessment, Informal Resolution, or Formal Resolution. In general, records will be maintained for seven years following dissemination of Decision Letter or Decision Letter Post-Appeal.

**Students**

Findings of responsibility in matters resolved through Formal Resolution are part of a student’s conduct record. Such records shall be used in reviewing any further conduct or in developing sanctions and shall remain a part of a student’s conduct record.

Complaints resolved by a Title IX assessment or Informal Resolution are not part of a student’s conduct file or academic record. The conduct files of students who have been suspended, permanently dismissed, or who withdrew pending disciplinary action from the University are maintained in the Dean of Students’ office for seven years after their departure from the University.

Records of disciplinary action involving organizations are maintained in the Dean of Students office indefinitely.

**Respondent’s Withdrawal Prior to or Concurrent with Investigation**

If a Respondent withdraws from the University before the investigation and/or complaint resolution process have been concluded, a notice will be sent to the student stating that he or she is alleged to have violated University policy, that an investigation has been or will be conducted, and that the resolution process will continue.
A letter will also be sent to the University Registrar, and also to the registrar or academic dean of the school/college in which the student was enrolled indicating that such proceedings are pending. If the student attempts to re-enroll before the matter is resolved, the Registrar will notify the Title IX Coordinator. The matter must be fully resolved before the student may re-enroll at the University.

Appendix and Definition of Terms:

**Advisor:** Throughout the investigation and resolution of a complaint, the Complainant and Respondent have the right to be assisted by an advisor of their choice. The advisor may be any person, including an attorney engaged at the party’s expense, who is not otherwise a party or witness in the investigation. The advisor may accompany the Complainant or Respondent to any meeting or related proceeding with an investigator or a University employee. While the advisor may confer quietly with the Complainant or Respondent to provide advice or support, the advisor may not speak on behalf of the Complainant or Respondent or otherwise actively participate in, or in any manner disrupt, the meeting or proceeding. Any person who serves as an advisor should plan to make themselves available for meetings throughout the process in accordance with the University’s objective of completing the resolution process in sixty (60) days or less.

The Title IX Coordinator has the right at all times to determine what constitutes appropriate behavior on the part of an advisor. No copies of written materials or any other evidence will be provided to an advisor by the Title IX Coordinator, although the parties may review such information with an advisor as necessary to assist them in the proceedings.

**Coercion:** Coercion is the improper use of pressure to compel another individual to initiate or continue sexual activity against the individual’s will. Coercion can include a wide range of behaviors including intimidation, manipulation, threats, and blackmail. Words or conduct may constitute coercion if they wrongfully impair another individual’s freedom of will and ability to choose whether or not to engage in sexual activity.

**Complainant:** An individual who invokes the University’s investigation and resolution process to determine if the Title IX sexual misconduct policy has been violated and identifies him or herself as a victim of the alleged misconduct. In some circumstances, the University may assume the role of Complainant.

**Consent:** Consent requires an affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity. Participants must act freely and voluntarily and have knowledge of the nature of the act involved.

**Force:** Force is the use or threat of physical violence or intimidation to overcome an individual’s freedom of will to choose whether to participate in sexual activity.

**Incapacitation:** Incapacitation is a state where an individual cannot make an informed and rational decision to engage in sexual activity because that individual lacks conscious knowledge of the nature of the act sufficient to understand the who, what, where, when, why or how of the sexual interaction, and/or is physically helpless. An individual is also considered incapacitated, and therefore unable to give consent, when asleep, unconscious, or otherwise unaware or uncertain that sexual activity is occurring. Incapacitation may also result from the use of alcohol and/or other drugs.

Being intoxicated or impaired by drugs or alcohol is never an excuse for sexual or gender-based harassment or discrimination and violence, intimate partner violence, or stalking and does not diminish one’s responsibility to obtain consent.
**Intimate Partner Violence:** This is sometimes referred to as domestic or relationship violence. It includes any act of violence or threatened act of violence by a person who is, or has been involved in, a sexual, dating, hook-up, domestic or other intimate relationship with the Complainant. It may also include sexual harassment, sexual assault, sexual exploitation, stalking, or retaliation committed by a person who is or has been involved in such a relationship.

**Parties:** A term referencing collectively to the Complainant and Respondent.

**Prohibited Conduct:** Prohibited Conduct is defined in the University of Detroit Mercy Policy Prohibiting Sex and Gender-based Discrimination. It includes, but is not limited, to Sexual Assault, Sexual Exploitation, Intimate Partner Violence, Stalking, Sexual or Gender Based Harassment and Retaliation, and violation of interim measures.

**Respondent:** Any individual(s) or organization(s) alleged to have violated the University of Detroit Mercy Policy Prohibiting Sex and Gender-based Discrimination and against whom a complaint has been brought.

**Sexual Assault:** An individual engages in sexual assault when they have or attempt to have sexual intercourse with another individual by force or threat of force (see definition); or without consent (see definition); or with an individual who is incapacitated (see definition).

**Sexual Exploitation:** An individual engages in sexual exploitation when they take non-consensual or abusive sexual advantage of another person for their own advantage or benefit, or to benefit or advantage anyone other than the person being exploited.

**Stalking:** Stalking includes a course of physical or verbal conduct directed at another individual in a manner that could reasonably cause fear of harm or injury to that person or to a third party. A course of conduct consists of at least two acts. The feared harm or injury may be physical, emotional, or psychological, or related to the personal safety, education, or employment of that individual. Stalking may also involve the use of electronic media such as the internet, social networks, blogs, cell phones, texts, or other similar devices (often referred to as cyber-stalking). Such behaviors may include, but are not limited to, non-consensual communication, telephone calls, voice messages, emails, texts, letters, notes, gifts, or any other communication that is repeated, undesired, and places another person in fear.

**Student:** Any student enrolled at the University at the time of the alleged sexual misconduct. For the purposes of this policy, student status begins when a student has accepted an offer for admission to the University and ends when the student has graduated, withdrawn, been permanently dismissed, or otherwise permanently separated from the University.

**Title IX:** Title IX refers to the Educational Amendments of 1972 (Title IX), 20 U.S.C. §§1681 et seq., and its implementing regulations, 32 C.F.R. Part 106, which prohibit discrimination on the basis of sex in education programs or activities operated by recipients of federal financial assistance. The University is required to comply with Title IX. Sexual harassment of students, which includes acts of sexual misconduct described in this policy, is a form of sex discrimination prohibited by Title IX.

**Victim:** Any individual who has been harmed by an act or acts of sexual misconduct.

**Witness:** Any individual who has seen, heard, or otherwise knows or has information about a violation.
WEAPON-FREE CAMPUS

In the interest of protecting its students, employees, and visitors from violence and to maintain campus safety, the University of Detroit Mercy strictly forbids the possession or use of dangerous weapons on any of its campuses. This prohibition includes individuals licensed to carry a concealed weapon. The only exceptions to this policy are those members of Detroit Mercy Public Safety who are licensed to carry a weapon and are authorized by Detroit Mercy to carry a weapon, and those law enforcement officers entering any Detroit Mercy campus in the line of duty. In compliance with applicable Michigan law, Detroit Mercy strictly forbids the carrying of concealed weapons in Detroit Mercy classrooms and Residence Halls, regardless of whether the individual is licensed to carry a concealed weapon and/or authorized by Detroit Mercy to carry a concealed weapon.

This policy applies to students, employees, temporary employees, independent contractors, and visitors to Detroit Mercy. Students violating this policy will be subject to immediate discipline, up to and including expulsion. Anyone (employee, temporary employee, or independent contractor) who is performing work for Detroit Mercy and violates this policy, will be subject to immediate termination. Visitors and any others who violate this policy will be immediately escorted off campus and/or turned over to local law enforcement authorities as appropriate.

“Weapons” include handguns, pistols, firearms, explosives, knives, and other weapons as defined by Michigan law or local ordinance. Questions about whether an item is covered by this policy should be addressed to the Director of Detroit Mercy Public Safety or to Human Resources as appropriate. Employees and students have the responsibility to determine whether possession or use of any questionable item not listed above violates this policy.

The sites covered by this policy includes all campus property, including buildings, open parking lots, walkways, driveways, areas between buildings, open areas, and those off-campus locations under the control of Detroit Mercy. This policy also applies to all vehicles owned or leased by Detroit Mercy and all vehicles that enter any Detroit Mercy campus. Detroit Mercy reserves the right at any time and at its discretion to search all Detroit Mercy-owned or leased vehicles, and all vehicles entering any Detroit Mercy campus. Detroit Mercy also reserves the right at any time and at its discretion to search all packages, backpacks, duffels, handbags, boxes, bags, containers, dormitory rooms, lockers, desks, work areas, and persons entering the campus, to determine whether a person or persons have brought weapons onto any Detroit Mercy campus in violation of this policy. Any student or employee who refuses to permit a search will be subject to discipline up to and including expulsion or discharge, as appropriate. Independent contractors will be subject to termination and immediate removal from the campus. (Reprint from Employee Handbook)

WORKPLACE VIOLENCE

It is the policy of the University of Detroit Mercy to establish and maintain a safe and healthy climate conducive to a respectful workplace for its employees; therefore, no acts of verbal, physical, or emotional intimidation, harassment, or assault will be tolerated in any context or degree by University students, staff, faculty, and administrators. This policy extends to independent contractors, vendors, or others who conduct business with the University on the campuses.
No weapons of any kind will be allowed on any location owned, leased, or operated by the University of Detroit Mercy, except by law enforcement agencies including University police officers in compliance with the University of Detroit Mercy Weapon Free Campus Policy.

Employees and supervisors should understand how important it is to recognize early warning signs of potential violent conduct. Examples of such warning signs include:

- A history of emotional or mental disturbance
- A history of threatening or violent behavior
- Paranoid or easily panicked behavior
- Serious and unpredictable mood swings
- Fascination or preoccupation with weapons
- Extreme stress from personal problems or a life crisis
- Extreme stress as a response to a workplace condition
- Being a loner with little or no involvement with other employees
- Engaging in frequent disputes with supervisors or fellow employees
- Routine violation of University policy
- No interests outside of work

Supervisors who become aware of behavior patterns similar to those listed above should contact Human Resources.

Threats of violence are serious and should be treated as such. Threatening behavior can include:

- Throwing objects
- Making verbal threats to harm another individual or destroy property
- Making menacing gestures
- Sending threatening faxes, e-mails or notes to other employees
- Expressing significant grudges against other employees
- Displaying an intense or obsessive personal interest with others that exceeds normal bounds
- Attempting to intimidate or harass other individuals
- Behavior indicating that the individual is significantly out of touch with reality to the extent that the person poses a danger or threat to himself or herself or others

All members of the University community are responsible for notifying their supervisor of any threats, actual or perceived, which have been witnessed, received, or if they have been told that another person has witnessed or received, whether or not those involved are members of the Detroit Mercy Community. The supervisor shall notify Human Resources (313) 993-1036 who will contact Public Safety. In cases where Human Resources is unavailable by telephone between the hours of 8:30 a.m. and 5:00 p.m. or where there is an immediate threat or perceived danger, the employee, or supervisor should immediately notify Public Safety utilizing the campus emergency assistance number (313) 993-1234.

Employees also are encouraged to notify their supervisor or Human Resources whenever they experience domestic conflict, abuse or misdirected affection outside their work environment. The supervisor/Human Resources then can be more alert to the intrusion into the workplace by a third party and possibly take preventive measures. Any employee who applies for and obtains a personal protective or restraining order that lists the University of Detroit Mercy as a protected area must provide his or her supervisor, Human Resources and Public Safety a copy of the petition and declarations used to seek the order, plus a copy of any temporary protective or restraining order that is granted. The University
understands the sensitivity of the information requested and will treat it confidentially with respect to the privacy of the reporting employee.

Human Resources, in cooperation with Public Safety, will investigate reports of violence. All those covered by this policy must cooperate fully when questioned regarding violations of this policy. Employees who report incidents of workplace violence and/or respond to investigations may request to do so confidentially. Such requests will be honored to the extent legally allowable.

Employees who are found to have violated this policy by threatening another individual with violence or engaging in violent behavior will be disciplined up to and including possible immediate discharge depending on the severity of the circumstances. (Reprint from Employee Handbook)

**UNIVERSITY OF DETROIT MERCY EMERGENCY RESPONSE AND EVACUATION EMERGENCY ALERT SYSTEM**

The Emergency Response Plan defines for the University of Detroit Mercy community the framework necessary to respond to emergencies. One measure of an organization’s strength is its ability to respond well in an emergency. Since every scenario cannot be predicted, an emergency plan must be able to
adapt quickly to events as they unfold. The University response needs to be quick, professional, supportive, person-centered, and meet the emerging demands of any emergency or crisis situation. This plan is designed to be flexible because an emergency may be sudden and without warning.

The President or designee (most senior Executive Officer when President is unavailable) shall declare a state of emergency when, upon recommendation of the Chief/Director of Public Safety, it is deemed necessary to activate emergency procedures and/or close all or part of the University.

The President or designee can convene the President's Council as the situation dictates.

The President or designee shall declare an end to the state of emergency when hazards no longer exist.

Following is the list of University designees who have decision-making responsibility in case of an emergency or crisis at the University of Detroit Mercy.

- President
- Provost, VPAA
- Vice President of Business and Finance
- Associate Vice President of Facilities Management & Campus Services
- Chief/Director Public Safety

University of Detroit Mercy Emergency Alert is a mass, urgent notification system, comprised of a variety of methods by which the University, without undue delay, will notify students, faculty and staff of an active, major campus emergency or dangerous situation involving an immediate threat to the health or safety of student or employees occurring on campus:

- Text message (SMS) to cell phones
- Voice message to telephones
- Emails
- University Website posting
- University Twitter feed
- University Facebook
- Some campus digital signs

When the University of Detroit Mercy DPS Chief or Command Officers confirm there is a significant active emergency or dangerous situation impacting the public safety of the campus, an urgent notification will be sent without undue delay through the University of Detroit Mercy Mass Notification System. Initial confirmation by DPS may occur by observation of a police or security officer, multiple witness telephone calls, alarms activating in the DPS Communications Center or a confirmed report from another emergency responding agency (such as the National Weather Service, the fire department, ambulance, hazardous materials response team, FBI, County Public Health, etc.) Unless the notification, in the professional judgment of responsible authorities compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Examples of activations may include:

- When a person actively shooting a weapon is threatening campus
- When a tornado warning is issued for the county
- When a major hazardous material spill is impacting a large portion of campus
• When University of Detroit Mercy administration declares an Emergency Reduction in operations
• Closure or Selective Campus Closure
• Delay start of classes

Localized incidents within a building (such as a small fire, hazardous material spill in a lab, water leak,) probably will not require a mass notification. The emergency message content will contain pre-scripted brief messages content developed in consultation with the DPS Chief and University Rave Notification Team. The message will be sent by the University Marketing and Public Affairs Department. The University Rave Notification team consists of:

• Chief/Director Department of Public Safety
• Associate Vice President Facilities Management & Campus Services Division
• Associate Vice President University IT
• Associate Vice President Marketing and Public Affairs
• Director - Media Relations

This information will be shared to help the public take action for their safety, unless, in the professional judgment of DPS command, issuing a notification will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Follow-up information, including an “all-clear” message, will be disseminated as appropriate. University of Detroit Mercy Mass Notification systems are issued campus-wide, not to smaller segments of the community. In order to receive urgent notification alert messages, faculty, staff and students may register through Rave Mobile Safety System. University Mass Notification System is tested and documented yearly by Associate Vice President University IT.
REGISTER FOR UNIVERSITY OF DETROIT MERCY MASS NOTIFICATION ALERT SYSTEM

Register for University of Detroit Mercy emergency communications and be among the first to receive alerts on class cancellations or other emergency notices via text message and email through the Rave Mobile Safety system.

All faculty, staff and students are enrolled in the free program but must register to confirm contact information and choose notification preferences (cell phones, landline phones, text pagers or emails).

To log in, scan to adjacent QR code or go to www.getrave.com/login/udmercy. Use your Titan Connect user name and password and then click the Log In button. Follow the screen prompts to modify contact information and select notification devices.

University of Detroit Mercy provides emergency response and guidance for the McNichols Campus, Corktown Campus and Riverfront Campus. Emergency response and evacuation procedures are identified in the Detroit Mercy Emergency Response Procedure (ERP) and in individual Building Emergency Plans. The ERP outlines how the University of Detroit Mercy community (students, faculty, staff and visitors) conducts emergency response actions for specific emergency situations. The ERP is available online at: www.udmercy.edu/publicsafety/EmergencyPreparedness

Emergency Procedure Guides with basic instructions are available from DPS. Students, faculty and staff with questions about emergency procedures in their building should check with their Facility Manager or college office, Building Coordinator or contact DPS at 313-993-1234. Emergency preparedness plans are exercised at minimum of once a year in each academies building.

Detroit Mercy students and employees that teach or take classes at a satellite campus, such as Aquinas College or Macomb Community College must sign up for the respective Emergency Alert Systems at those campuses. University of Detroit Mercy does not control the Emergency Alert Systems at those campuses.

Aquinas College – Students will need to sign up using their Aquinas College email https://www.aquinas.edu/resources/departments/campus-safety/emergency-notification

Macomb Community College - University Center – https://asp.schoolmessenger.com/macomb/subscriber
**Shelter in Place**

Shelter in place means to seek immediate shelter and remain there during an emergency rather than evacuate the area. Taking shelter inside may be in response to an external hazard such as a chemical release from an industrial or transportation accident, hazardous weather, police, fire or public health emergencies, or acts of violence. Since each situation is unique, shelter in place techniques may vary based on the incident. All decision to shelter in place will be made by DPS and notification will be through University Mass Notification System and by DPS Personnel or other responding emergency personnel. You must immediately seek shelter in the nearest facility or building (preferably in a room with no windows). Example of shelter in place:

- Tornado Warning
- Hazardous Materials (HAZMAT)
- Active Shooter
- Building Intruder
- Civil Disturbance

Academic Building Emergency Preparedness/Fire drills are conducted once yearly. Resident Halls Emergency Preparedness/Fire drills are conduct each semester for all occupied facility. The fall semester exercise/drill is conducted within the first 21 days of start of semester. The University of Detroit Mercy follows PA 481 of 2014, amends PA 2017 of 1941, MCL 29.19a, Section 19a (1-5). These Emergency Preparedness/Fire drills could be announced or unannounced. The University also conducts tabletop exercises, functional or full-scale exercises.

ABOUT THE ANNUAL FIRE SAFETY REPORT

The University of Detroit Mercy Department of Public Safety 2109 Annual Fire Safety Report is provided to you in compliance with the Higher Education Opportunity, Public Law 110 – 315 Act. (HEOA)

The Annual Fire Safety Report is a HEOA regulation that requires minimum statistical disclosure for the three previous years for residential housing (for purposes of this report 2016, 2017, 2018), concerning reported fire related incidents on property owned or controlled by the University of Detroit Mercy.

This report also includes institutional policies concerning campus fire evacuation, residential hall reporting and other fire safety matters.

Detroit Mercy Corktown Campus – School of Dentistry does not maintain a student housing facility on this campus. Accordingly, the university does not have residential housing fire statistics to report for the 2016, 2017, and 2018 Annual Fire section of this report.

You can obtain a copy of the campus report s by following the print options, contacting the Department of Public Safety at (313) 993-1235 M - F 9:00 a.m. to 4:00 pm. or by accessing the following website www.udmercy.edu/publicsafety

FIRE SAFETY TIPS

- Plan Ahead!
- Never tamper with fire alarm systems.
- Know two fire escape routes from your residence.
- Read fire safety evacuation measures provided.
- When an alarm sounds leave the building immediately.
- Cook only where it is permitted.
- Learn student housing fire safety measures.

FIRE SAFETY FACTS

Plan Ahead! You may have only a few minutes to get out safely once the smoke alarm sounds.

WHEN THE ALARM SOUNDS ... GET OUT

Fire doubles in volume every 30-60 seconds. In just a couple of minutes, an entire room or multiple rooms can be engulfed in flames and smoke. When the fire alarm sounds, get out of the building - FAST and NEVER, no matter what, delay or go back inside the building to get your “things”. Ask yourself; is a cell phone or computer more important than your life? No way. You can always buy a new cell phone; but you can't buy your life back.

FIRE SAFETY EVACUATION MEASURES

FOR EMPLOYEES AND STUDENTS

- The first person to discover a fire or evacuation situation is responsible for immediately activating the nearest fire pull station and calling the Department of Public Safety at (313) 993-1234 from a safe location.
- Be calm and carefully give all information requested.

Procedure

1. Exit the building using the nearest marked exit and posted evacuation route.
2. Pull fire alarm if available and/or if you can do so safely, notify occupants by yelling “fire” in the hallway.
3. Go to a safe area (outside Gathering Point) and call the Department of Public Safety.
4. Tell the Department of Public Safety the building, floor and room number where the fire is located.
5. State whether the building is occupied.
6. State if person(s) is trapped or injured and their location(s).
7. Give the cause of the fire, if known.
8. State your name, telephone number and location at time of call.
9. STAY ON THE TELEPHONE and offer further assistance.
10. The Director of the Department of Public Safety or designee will fully activate the Emergency Command Center, if it is appropriate to do so.
11. Small isolated fires should be extinguished if possible and safe. Fire extinguishers are generally located in stairwells, near entrances, or at the end of corridors.
12. Building coordinators will account for their personnel at the evacuation assembly area and report this information to the Department of Public Safety officer.
13. Personnel should remain at the Gathering Point for further instructions.
14. Emergency response personnel will direct you if it will be necessary to proceed to another location.
15. Do not return to an evacuated building until the Department of Public Safety announces the all clear.

ESPECIALLY FOR RESIDENTIAL STUDENTS

- All alarms must be treated as warning of an actual emergency. Do not take time to get personal possessions.
- If smoke is present, stay close to the floor as you exit.
- Designated Residence Life Staff shall ensure, to the extent practical, that the site-specific Evacuation Plan of their building is followed and that the evacuation of the facility continues until emergency personnel arrive.

**Campus Fire Safety Policy**

**Purpose**

University of Detroit Mercy releases fire safety information to the University community as a first step in educating the community on fire safety procedures. Detroit Mercy has provided educational information that provides techniques to reduce the risk of a fire safety incident. The University will offer prevention programs essential to keep the University community safe from fire safety incidents. Fire safety laws are meant to educate our community and to encourage those with fire incident information to report the offense to the Detroit Mercy Department of Public Safety.

**Scope**

To create and maintain a fire safe environment for students residing in campus housing, non-residential students, employees, contractors, consultants, temporary help and other workers at Detroit Mercy, including all personnel affiliated with third parties.
POLICY

Residential Halls
When it comes to fire safety, certain personal property can compromise the safety of all within the community. The prohibited items can be found in the Guide to Residence Living. The Office of Residence Life conducts regular health and safety inspections of each residence hall. All areas and spaces of the room/suite, and all objects and containers within the space may be searched. Illegal or unauthorized property will be confiscated and residents will be provided a list of items taken. Items violating local, state, or federal laws may be turned over to the Department of Public Safety.

General Fire Policy
Detroit Mercy has life safety procedures to keep our community free of fire safety hazards. Annually fire systems are tested throughout University campuses. The Department of Public Safety (DPS) has leadership role to initiate, facilitate and account for fire safety test drills. As an ongoing process check other committees and departments have a responsibility to assist DPS during these tests and report their findings.

Fire safety tests are one measure that Detroit Mercy uses to account for the operations of mechanical equipment and emergency response of our community and emergency personnel. While other inspections occur to assess our emergency readiness, as a standing practice the Detroit Mercy community is encouraged to play a role in the prevention and evaluation process of campus fire safety systems and procedures.

Fire incidents on University property are the direct responsibility of the DPS who shall make the necessary notifications for additional outside resources when an incident requires. DPS officers are trained in emergency response to critical incident scene. The University community has been provided with specific fire safety protocol, evacuation and containment procedures to aid in making an educated choice if faced with a fire safety incident.

All DPS Officers have been trained on proper use of all types of Fire Extinguisher. DPS trains all Resident Advisor on proper use of Fire Extinguishers at RA Orientations. DPS has developed an online Fire Equipment Training presentation for all student, faculty and staff. This presentation is located on DPS website. Fire safety information is available on the University Emergency Procedure Guide and located in the Detroit Mercy Emergency Response Plan. Follow this link to access fire safety information www.udmercy.edu/publicsafety/emergency_readiness or call the Department of Public Safety at (313) 993-1235 M-F between 9:00 a.m. – 5:00 p.m.

The University is committed to promoting and maintaining a healthy work and academic environment that is as close to tobacco free as practicably possible and in accordance with all federal, state and local laws. Students, employees and visitors are prohibited from using tobacco throughout all University buildings (exception University Apartments), University vehicles and outside of buildings within 25 feet of any entrance, air intake duct and/or window.

Daily Fire Log
A daily fire log is available for review 24 hours a day on the University of Detroit Mercy DPS website at: www.udmercy.edu/publicsafety/clery/incidents/index.htm. The information in the fire log includes the nature, date, time and the value of property damage caused by a fire. The Annual Security report is available 24 hours a day on the University of Detroit Mercy Department of Public Safety website at: www.udmercy.edu/publicsafety/clery/fire/index.htm
